An interesting selection of comments from those who have read this manuscript and been on safari to the Maasai Mara in Kenya and others who have never experienced the thrill of visiting a wild animal game reserve in Africa.

- Anyone who loves Africa and its wildlife will enjoy reading this book.
- Pioneering the boundaries of the unknown for conservation.
- An incredible story that will fascinate readers both young and old.
- The Author's empathy with wildlife and his love for Petal, the 'Queen Cheetah' has woven a golden thread through my heart.
- A gifted conservationist at work. Fascinating.
