NAIROBI SCHOOL

MOTTO:

TO THE UTTERMOST

VISION :

**To become a centre of
Academic, Spiritual and Moral
Excellence.**

MISSION :

**To become the best school
IN K.C.S.E.**

'PATCH'S HIGHER GROUND'

We are pressing on the upward way,
New heights we are gaining every day
Still working hard, our onward bound
God plant our feet on higher ground

We want to live above the world
Though Satan's darts at us are hurled

Teacher – student relations are strong around

Our prayer our aim is higher ground

Life being like a game, we play it,

But marquee you, to the uttermost

**In games and academics we have steered
100 years now, still bound to higher ground.**

Patch, the desire of ages, complete and accurate,
Has produced gentlemen not feeble but immaculate
Bringing the world to Patch and talking Patch to the world

Is our aim! In pursuing to higher ground.

Obituary	

Mrs A. W. Gitau - Editor

You can now celebrate! **"The Impala"** Magazine is now back after almost a decade of silence. Thanks to age 100 years of existence.

The school has gone through a real metamorphosis. The physical structures need lots of renovation, hence the need to hold a major fundraising.

Nairobi school is a giant that cannot be equalled even in academics. Though our national position has not been constant, we are improving every year and we still boast of taking more than half of our candidates to do major courses at our Four National Universities available and

the many private ones both local and international.

The school still has some of the best-disciplined students in this country where the Western Culture has really affected the youth. A "Patcharian" still knows the importance of being an intelligent gentleman. Just visit the school, you will be impressed.

Teachers and the support staff have worked very closely together. The administration ensures that social issues do not deter the vision and mission of the school. This has been made possible by the mature focused and determined leadership Nairobi School has always received.

Come and assist this national institution. **"To the Uttermost" is the Motto.**
God bless you.

MESSAGE FROM THE CHAIRMAN, CENTENARY CELEBRATIONS COMMITTEE

Awuor J. O. Fred
Chairman, Centenary Celebration Committee

It is with great honour that I give my contribution as we revive the school magazine **"The Impala"** as we celebrate the centenary occasion for this great school.

Having been in the school as a teacher for the last eight years, there is no doubt in my mind, that Nairobi School is one of the best schools in the Republic of Kenya in terms of physical facilities, location and more so the education offered. It is simply up to the students to utilize the resources available and the sky shall not be the limit, the sky shall only be the beginning of the limit to quote Mr. Mugo, who was a former PTA Chairman.

The school offers the most diverse curriculum available for boys, 22 subjects out of 33. It facilitates almost all sports activities played in the country, it exposes the students to various clubs and societies and more so, provides the atmosphere that is very conducive for learning.

Nairobi school has come along way in the past 10 years after the introduction of 8:4:4 system curriculum. The notion that Nairobi school was to produce "Gentlemen" and not 'Bookworms' or 'sworties' as the language goes took us sometime to change, since placement of the school's image and name was being determined on how they performed in the national examinations. The performance of the students in KCSE determined their admittance to the University or Institutions of higher learning. Certain faculties in the University were difficult to join since they were quite competitive, like Pharmacy, Engineering, Law just to mention a few and therefore required good grades.

I have yet to witness a case where teachers dedicate themselves tirelessly, day and night to teach the students as they do in Nairobi school. The teaching staff work as a unit and are very receptive towards other people's suggestions and contributions. The analytical capabilities of teachers in finding solutions pertaining to the interest of the students is above reproach. Issues are dealt with thoroughly to the last detail and a general consensus reached.

The diversity of the students we get brings with it a rich cultural diversity that harmonizes well with every other student. The appreciativeness of students towards each other in itself instills a self-awareness, sense of confidence, sense of appreciation and self-satisfaction in our students. Those students who come from the furthest corners of the country are assimilated into the urban ways of Nairobi within their first year in school. During holidays, they become the 'tour guides' to their village folks who may not have had the opportunity to be in the city.

One thing, I have come to notice, is the attachment that '**Patcherians**' have to their school once they get out. It is tremendous and is witnessed whenever the popular 'Patch machine' rugby team is playing with other schools, more so with their ever main 'arch-rival-changez' or Lenana School. I have yet to know how this big rivalry came about, but I am made to understand that Lenana school being a younger brother to Nairobi school became overzealous and 'spat' on its elder brother, thus creating 'enmity' that has lasted to this day. Paradoxically, it is strange that even real blood brothers who are in the rival schools become real enemies when the two indulge in their business of rugby!

I can go on and on but before I sign off, it will be unfair if I do not mention about the marvelous work that has been done by the Board of Governors under the very able leadership of Mr. Simiyu Wasike. He has always been an inspiration to the teachers, students and non-teaching staff alike with his wise advice and wisdom.

The PTA Executive under Prof. Simiyu has led the way in the refurbishment of the school's infrastructure with a view of bringing it back to its good old days. The Principal, Mr. Robert Masese, has brought with him visions that will propel the school to greater heights in terms of its academic performance and the well being of the students and staff. We all need to work hand in hand to achieve this as we celebrate 100 years of Excellence.

To the students, there is need to acknowledge the fact that you are in an institution with all the requirements for you to excel in life. Utilize the immense resource at your disposal and be an all round person physically, mentally and psychologically and more so to come out of school knowing you did not only pass but passed well. Take care of the facilities and resources availed to you so that the generation after you may also benefit from them. If the generations before you took care of them, why not you?

Let us all be responsible. For it is through that, which makes a person to be in life. This is just the first of the centenaries, Nairobi school will attain. Being the pioneers, lets celebrate with pomp for the prosperity of this great school.

Finally, I would like to most sincerely thank all the Centenary Celebrations Committee members without whose support we would not have achieved our objectives of making this celebration a success.

Thank you all.

Awour J.O. Fred.

HISTORICAL BACKGROUND

Nairobi School was initially started in 1902 around the present Nairobi Railways Club as a European School to serve the families of the I.B.E.A. Company and later the white settler community. Out of the foresight and wisdom of the late Lord Delamere in proposing the building of a senior Boys School for the Nairobi European School (now Nairobi Primary), and the support of the then Governor, Sir Edward Grigg, the railway reserve grounds near Kabete was identified in 1925 as the home for the School.

In 1928, Sir Herbert Baker was commissioned to plan a school similar to Winchester School, attended by both Lord Delamere and the then Governor - Kenya Colony, in Winchester, an old town in Southern England dating from about 516AD, after the Romans left England. It was a major administrative and silver minting centre, and hence, a Saxon Capital of England from 1066 AD. The school named after this town was originally founded to educate boy choristers. It was later re-founded in 1541 after King Henry VIII had destroyed the monasteries. Today the school is one of the leading independent schools in England. Captain Nicholson (recently retired from the Royal Navy College, Dartmouth) designed the uniform and prepared school rules and regulations to match the discipline of the navy tradition. In the meantime Mrs. Nicholson planned the gardens.

On the 24th September 1929 the foundation stone was laid by His

Excellency Lt. Col. Sir Edward Grigg K.C.M. K.C.V.O, D.S.O, M.C, Governor of Kenya colony, for a school with a capacity of 80 boys. Interestingly under the stone were preserved a copy of the day's East Africa Standard Newspaper and coins in use then. The School had three houses namely Rhodes, Clive and Hawke (now Athi, Elgon and Baringo respectively). A fourth house was introduced later and named Grigg (Now Kirinyaga). However, in 1931 the school opened its doors to 104 boys 84 boarders and 20 day boys) under the name "**Kabete Boys Secondary School**". On reconsideration, the name changed to "**Prince of Wales School**", and the school logo was completed enshrining the Royal Impala, the Prince of Wales' feathers between the Royal Impala's horns as its emblem, and the motto "**TO THE UTTERMOST**".

The old Cambrian Society

The name Cambrian first came into use in 1932 when the school teams in Cricket, Rugby and Hockey were formed and they dubbed themselves as "The Old Cambrian". Cambria is an old name for Wales. The Old Cambrian Society (Old Boys Association) was born in 1934.

The Cricket Pavilion:

In 1937 the first Headmaster of the School, Captain Nicholson, retired from the School. A farewell party in his honour was planned but he declined it. He instead donated the farewell gift to the school for the construction of a cricket pitch which he aptly called "**The**

oval"- the present cricket pavilion.

Additional classrooms and dormitories

1937 was the year that saw the need for additional classrooms and dormitories due to an increase in the enrolment of students. This was a period of a high recession in the world. This situation caused among other things a shortage of cement in the country and this necessitated the construction of the first wooden block of classrooms for temporary use. These are among the wooden blocks that were demolished and replaced by the present senior block built in 1995 through the combined effort of His Excellency, President Daniel Toroitich Arap Moi, the Old Cambrian and the then parents of the School in 1995.

In 1939 the World War II broke out. As a consequence there was an influx of white settlers into Kenya and this increased the School's enrolment between 1933 and 1948. There was a further construction of additional temporary buildings. Using corrugated iron sheets, a dormitory was constructed with the then Governor personally signing for the authorization of cement for its foundation and floor. The boys immediately christened it "**Lacey Landies**" but the official name of the house was Fletcher. This house was gutted down by a fire in 1975 and the remaining part of it presently houses the Music Room, the Nursery School and the tiny wooden office for the industrial Education Department

next to the Squash Room.

Tumultuous Years for the school: 1940-1941

The years 1940 and 1941 proved frustrating to the School. Due to its proximity to Italian Somali land, the School was forced to become day in 1940 when the Italians joined the war for fear of possible night bombings by the Italians. In June 1940, the School was taken over by the British Military Hospital. The boarders together with the Headmaster were shifted to Spunks Hotel (**Now Naivasha Girls School**). Rev. Gillet, then, the school's Chaplain was left in-charge of the day-wing of the School which moved to Nairobi European School (Nairobi Primary).

In December, 1941, the students came to the School and left space at the Nairobi European School to a new Girls School, later to be called the **Kenya Girls High School**, and the Naivasha space to a new European School that was named **Naivasha High School**.

The Years of Construction 1942-1948

The years 1942-1948 saw a marked increase in the construction of the present landmark buildings in the School. The temporary wooden blocks by the British Military Hospital were converted into temporary classrooms; a new house to be called Nicholson (Serengeti House) was created in response to the school's perennial need for additional space for the ever-increasing number of boys.

In 1944, the Nicholson and Rhodes complex commenced. In 1945, construction of the

Sanatorium commenced to address the increasing need for a health facility for the large School Community. In the same year construction of the School Hall commenced and it was completed in 1946 and was used for assemblies during the weekdays as originally intended and as a Chapel on Sundays.

In 1945 Scott house was constructed at the same time as Junior House in which boys were placed.

In 1947 Intermediate house, later re-named Fletcher, was established. In 1948 the construction of the Grigg and Hawke complex was started.

Despite all these additions, the school could not meet the demands of the increased enrolment. The only solution was to start a new School to cope with this overflow and, hence, the **Duke of York School (now Lenana School)** was started in 1949.

In 1953 construction work of School's swimming pool was completed.

In 1956 the then headmaster, Mr. P. Fletcher, felt that the time was ripe for the school to become multi-racial contrary to the then Government Policy, and the school was handed over to the Alliance of Churches:- the Anglican church of Kenya, the Presbyterian church of East Africa and the Methodist Church of Kenya to be run under a school committee.

The School Chapel:

The increase in the enrolment necessitated the construction of a sanctuary to provide for

spiritual growth of the school community and to **"commemorate those 76 young men from the school who, at the call of King and Country, left all that was dear to them, endured hardships, faced dangers, and finally passed from the sight of men by the Path of Duty and self-sacrifice. They gave their lives that other might live in Freedom. Greater love hath no man than this: That a man lay down His life for his Friends."**

On 27th September, 1957, the Hon. Sir Evelyn Barring G.C.M.G., K.C.V.O., Governor of Kenya colony laid the foundation stone for the construction of the school Chapel and its construction was finished in 1958.

The then Archbishop of Mombasa and later East Africa, Dr. L.J. Beecher saw the Chapel planned built and dedicated and thereafter confirmed and preached to multitudes of boys.

A chapel Committee was also put in place to advice the Headmaster and the Chaplain and to enable members of the School to have some say in decisions concerning the School community's religious life., **The Chapel's task was and stands to show, in the centre of the school's life, the ways of Christ, the meaning of discipleship and the value of the church.**

In the same year construction of four laboratories and two workshops commenced and were completed in 1958.

Toward becoming Multi-Racial:

In 1960 the school committee was dissolved and the first Board of Governors was formed. The School's status changed to government assisted, and in 1962, the Prince of Wales School became multi-racial by admitting the first non-European students- 4 Africans and 4 Asians.

In 1966, the Prince of Wales School changed its name to Nairobi School and the Board of Governors became multi-racial with the then Hon. James Nyamweya as its first African Chairman.

In 1967, 1968 and 1971 the Art Room, 2 Chemistry Laboratories and 3 Biology laboratories were built in this order.

In 1972, Mr. D.M. Mureithi was appointed the first African Headmaster having taken over from F.W. Dollimore.

In 1975, the board of Governors assumed responsibility for the employees.

The boarding houses changed their names as follows:-

- Clive house became Elgon house
- Scot " " Marsabit house
- Grigg " " Kirinyanga house
- Rhodes " " Athi house
- Nicholson " " Serengeti house
- Hawke " " Baringo house
- Jonior " " Naivasha house
- Flecher " " Tana house

During the same year, the construction of four permanent classrooms replaced wooden ones while two permanent staff houses were also completed.

In 1976 the Hon. Njega Karume presided over a harambee held in the school the result of which was the construction of three additional permanent classrooms.

In 1977 the school farm was initiated and two blocks of Tana House were constructed.

In 1978 His Excellency, the President, Daniel Toroitich Arap Moi, at the time Vice- President, graced the school with his presence at a harambee that enabled the construction of a further five permanent classrooms and an additional block for Tana House.

In 1978, the first Parents- Teachers Association was formed with Mr. J. Gatuguta as its first Chairman.

On 25th March 1995, His Excellency the President, Daniel Toroitich Arap Moi, once again, graced the school with his presence during a harambee meeting during which Kenya Shillings twelve million (Kshs.12, 000,000) was raised. As a result, a twelve- classroom block was built currently housing the form three and four streams. Owing to its historical development and significance, the school was gazetted as a National Monument in the Gazette Notice No. 1427 of 9th March 2001. The implication of this recent development is that the board of Governors and the Parents-Teachers Association are restricted as to the variations or improvements of the architectural designs of the existing buildings. The best that can be done at any given time is restoring the existing structures to their original state.

The Problem:

The school has an enrolment of 1000 students. Due to the old age, the timber framework has been severely weakened by insect infestation and old age leading to caving in of roofs, especially those of Serengeti and Baringo houses in the year 2000. This led to the evacuation of the students and subsequent re-distribution of 376 boys into the remaining six dormitories, where they have since been accorded "refugee" status sleeping in corridors, and common rooms as they await rehabilitation of their houses. This has led to congestion in the hostels, exposing students to the risk of contracting communicable diseases owing to the overcrowding and the over stretched sanitary facilities in the occupied houses.

The above problem was reported to the Ministry of Education in the Year 2000. A team of Engineers was sent to the school to inspect the houses. A report by the Chief Structural Engineer, Ministry of Public Works affirmed that the part of Baringo house that had collapsed was due to structural failure of the roof resulting from heavy insect infestation over the years. The Engineers also foresaw that Serengeti house was headed for a similar problem.

The two houses were therefore, condemned by the Engineer's report

on whose strength the students were evacuated and the two closed down.

Naivasha House complex is entirely wooden and was put up in 1945 to serve as a junior house due to the increased population in the school. Its structural status and physical appearance is completely wanting and the boys and teachers who are housed here always keep hoping that one day their parents would come to their aid and put up a permanent block for them. Notwithstanding their permanent status, Kirinyaga and Athi houses are also in a bad state and it is a matter of time before they also show structural failure of their roofs as well as the rest of the dormitories built much earlier.

Rehabilitation projects already undertaken jointly by the Board of Governors and the Parents-Teachers Association are as follows:-

1. Forms 3 and 4 tuition block	(1995) - Kshs.	12,000,000.00
2. Computer Project	(1997) - Kshs.	1,195,945.00
3. Borehole rehabilitation	(1998) - Kshs.	400,000.00
4. Swimming pool engine	(1999) - Kshs.	1,900,000.00
5. Purchase of a bus engine	(2000) - Kshs.	245,000.00
6. A 100KVA Generator	(2000) - Kshs.	600,000.00
7. Re-roofing Serengeti House	(2001/2) - Kshs.	2,300,000.00
8. On going Re-roofing works on Baringo house	(2002)- Kshs.	1,870,000.00

Total: - Kshs. 20,510,945.00

The board of Governors and the Parents-Teachers Association has taken pre-cautionary measures by appointing professionals to assess the condition of the houses to avoid a situation whereby dormitories and staff houses might collapse and cause deaths due to the old age of all school buildings. The firm of Ooro and Sanya Associated (engineering consultancy firm), P.O. BOX 55123, Nairobi, has evaluated the existing structures and have come up with the costs based on the extent of the repairs to be done on some of them or their replacement. The following is a breakdown of the whole rehabilitation works that will have to be undertaken in phases.

19. New School bus	Kshs. 7,000,000.00
20. School Van	Kshs. 2,000,000.00
21. Sinking a borehole	Kshs. 2,000,000.00
22. Library Block (construction)	Kshs. 12,000,000.00
23. Miscellaneous	Kshs. 5,000,000.00
Total	Kshs. 90,000,000.00

ACADEMIC PERFORMANCE: (K.C.S.E)

In spite of the problems cited above, the school has done considerably well in the national examinations as tabulated below:-

YEAR	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E	Mean score
1989	0	0	16	27	34	49	33	24	3	0	0	0	7.25
1990	0	2	10	20	41	52	43	33	13	4	1	0	6.77
1991	0	0	6	24	29	48	47	30	20	4	0	0	6.39
1992	0	1	10	15	30	44	49	35	18	8	1	0	6.45
1993	3	9	22	29	42	40	42	33	24	4	2	0	7.04
1994	0	3	11	21	64	59	39	36	23	7	0	0	6.76
1995	0	10	28	32	46	42	43	38	22	4	0	0	7.12
1996	1	11	30	51	45	47	38	27	12	0	0	0	7.60
1997	0	10	23	39	54	58	30	16	7	2	1	0	7.6
1998	0	9	11	43	46	47	53	34	11	3	0	0	7.13
1999	0	6	23	39	50	59	39	23	8	1	1	0	7.41
2000	2	23	46	42	51	36	27	16	5	2	1	0	8.15
2001	2	24	32	53	38	31	18	15	4	1	0	0	8.30
2002	6	39	60	41	31	23	17	7	3	0	0	0	8.93

The above posted results indicate that the school is on an unstoppable steady upward trend in keeping with the School's Motto: **"TO THE UTMOST"**.

As a National School, its infrastructure has to reflect that status so as to motivate further improvements in academic, social and spiritual development of the top cream students admitted here. This nation stands to benefit further in the days ahead, if Children admitted to this school are provided with adequate and safe tuition and boarding facilities that will provide and guarantee a conducive learning environment.

Appeals are now being sent out to the Kenya Government, the British Government, the European Union, the National Museums of Kenya, NGOs, Nairobi School Old Boys (Old Cambrian), well wishers and parents to come forward and salvage the school.

Rationale for the proposed Renovations and, hence, the Fund raising:

1. To enable the school to provide adequate and safe tuition and boarding facilities to students admitted to this school by the end of 2002.

2. To facilitate the provision of boarding facilities that conform to the government's set safety standards for emergency evacuations, such as fire outbreaks. The present use of pathways, corridors and common rooms now packed with students beds, boxes and other personal effects contravenes this requirement.

MASEKE ROBERT N.M
PRINCIPAL

3. To provide hygienically acceptable accommodation without overcrowding to avoid the dangers of the outbreak of communicable diseases.

4. To cut down on the ever unending maintenance costs due to the over-stretched sanitary facilities due to over-crowding.

5. To maintain a high level of discipline in the school by restoring and reinforcing the house-based Administrative System. Student-teacher contact is best facilitated by the smaller administrative unit-the house, through which the school traditionally maintained a high sense of discipline and decorum.

6. To restore the school to its original state in line with the recent gazettelement of the school as a National Monument (Gazette Notice No. 1427 of 9th March 2001) due to its historical and unique Architectural Design and layout.

Proposed Solutions:

1. Re-roofing all the dormitories in phases as a matter of urgency. The P.T.A has already financed the re-roofing of Serengeti house at a cost of Kshs. 2.3 million. This work has been completed and the boys moved in during the second week of May 2002. Crown and General Contractors did the work. The re-roofing of Baringo house is at an advanced stage, having been started in May 2002. If the renovations to be undertaken are carried out at this pace, to complete all dormitories will take five years at the rate of one house per year.

2. A major funds drive for the School targeting Kshs.90

million to give the School the desired and long overdue facelift. This is the most appropriate and faster approach that needs to be aggressively and urgently addressed despite the general economic slump in the country.

3. The Old Cambrian (Old Boys Association) are being asked to take up the rehabilitation of the houses they lived in while students.

4. The British government, the European Union and other friendly communities are to be requested to help in the restoration of the school as a way of not only maintaining the links between Kenya and those countries since 1902 when the school was founded, but also as an appreciation that Nairobi School catered for a good number of the now high ranking civil servants and politicians in Britain, South Africa, Australia and other countries of the world.

Until recently, there existed a student exchange programme between Shaftsbury School in Britain and Nairobi school. However, the school's dilapidated structures may not give the foreign students a true Kenyan experience they look forward to during such a programme's visit.

5. Construction of Naivasha House complex at the cost of Kshs.20 million, comprising of 300 Cubicles for the boys, the Common Room for their house meeting and social interaction, a Kitchen and Dining Hall and the House masters house. This will replace the wooden structure that was constructed in 1945 as a temporal measure before a permanent structure could be built to replace it. This will give both the students and the teachers attached to the house a sense of acceptance and belonging to Nairobi School.

6. Construction of a school Library which will also house a computer laboratory will enhance student research for new information to supplement concepts tackled during class-room contacts with the teachers. This will prepare the students with the knowledge and skills that they need for further studies upon their graduation from Nairobi School.

7. An appeal has been sent to the National Museums to enable the school's management to maintain the structures in the school for their historical, peculiar and distinct Architectural design and to repair the Road Network now won out due to lack of financial provision for its maintenance over the years.

Other areas requiring urgent rehabilitation in order of priority.

- 1 Athi/Baringo Kitchen and dining hall.
- 2 Baringo/Kirinyaga Kitchen and dining hall
- 3 The main kitchen floor and ceiling.
- 4 The school chapel
- 5 The Gymnasium
- 6 The Quadrangle
- 7 The teaching and non-teaching staff houses
- 8 Sinking a borehole.

NAIROBI SCHOOL BOARD OF GOVERNORS

1. Mr. S.A. Wasike: Chairman (BOG)
Former: Inspector of Schools, Permanent Secretary,
Ministry of Health, Inspector State Corporations,
Chairman KENATICO.
2. Prof. V.G. Simiyu: Senior Lecturer and Chairman History Department (U.O.N)
- 3 Mr. S.R. Ndegwa: Vice Chairman (BOG) Former Managing
Director-Transami, Chairman Lions Club- Nairobi District,
Currently Chairman Transami.
4. Miss M.N. Mathu: Member (BOG), Lecturer Kenyatta University.
5. Mr. A.D.Rachier: Member (BOG)
 - Lawyer- (Rachiel & Co. Advocates)
 - Chairman Task Force on Aids Law
 - Chairman Insurance Tribunal
6. Mr. L. Ndambuki: Member (BOG)
 - Retired Financial Controller, American Embassy
 - Businessman.
7. Mr. M.A. Ooro: Member (BOG)
 - Quantity Surveyor with Ooro and Sanya Associates.
8. Mr. J. Kimathi: Architect with K &M Arch-plans.
9. Dr. Wachira Kariuki: (Old Boys Association)
 - Pharmacist
 - Director Arrow Chemist
10. Mrs. P. Ndenda: - Member (Treasurer PTA), Agriculturist Ministry of Agriculture HQ
- 11 Rev. P.M. Maina: - Member BOG
- Church Minister PCEA
12. Rev. Dr. P.N. Kariuki: - Member (Chaplain- Nairobi School)
13. Engineer R K. Nderitu: - Member (BOG), Civil Engineer,
- Former Engineer Nyayo Tea Zone.
14. Mr. Robert Masese: - Principal (Secretary to the Board of Governors).

ADMINISTRATION REPORTS

THE PRINCIPAL'S REMARKS

Robert Masese
PRINCIPAL

This year's "School Impala" is very significant in very many special ways. It is the 1st magazine for Nairobi School since the last publication of the "Impala," twelve years ago! The Impala Magazine marks our 100 years anniversary, and hence its commemorative significance.

Happy birthday Patch and long live Patcharians!

All of us involved in or with the Nairobi School have a big challenge and a fantastic opportunity to move the school forward on "TO THE UTTERMOST" as the new circumstances dictated by technological advances present huge challenges to the school.

Our school motto acts as a source of inspiration to both staff and students "TO THE UTTERMOST" the relevance, significance, and impact. It has had in the past will continue to serve as a guide to the mission and vision on which this school was established.

As a school, we should seize this golden opportunity to rededicate ourselves to the ideas for which Patch was founded. A rich legacy was passed on by the "Old Cambrians" the teachers, parents, and the present school students. We should work hard to move the Nairobi School forward.

Robert Masese
Principal.

DEPUTY PRINCIPAL'S REMARKS

Naomi Karuri,
Deputy Principal.

Nairobi School, congratulations! You are 100 years old. Some of us are just but only half your age.

"TO THE UTTERMOST" is the school philosophy.

Our vision is to provide quality

education to our students. Our mission is to produce well-adjusted and morally upright citizens. Our students have continued to prove that 'Patch' (Nairobi School) is the school to be proud of.

After many years of service to this school, I cannot but explode with joy to see it celebrating 100 years of excellence. 100 years of service to this nation. 100 years of excelling to the top 'THE UTTERMOST.'

I pray that well wishers donate generously to make this institution a more habitable place for young Kenyans. Come one, come all to the celebrations and also Harambee.

Naomi Karuri
Deputy Principal

THE NAIROBI SCHOOL PRINCIPALS

1925 – 1937 CAPTAIN B.W NICHOLSON

1937 – 1945 MR. ASHLEY

1945 – 1959 MR. FLETCHER

1960 - 1966 MR. WIGMOORE

1966 – 1968 MR. IRONSIDE

1968 – 1972 MR. F. DOLLIMORE

1972 - 1975 MR. D.M. MUREITHI

1976 - 1981 MR. S.K. KIBE

1982 - 1986 MR. B.M. NYAGAH

1987 – 1990 MR. S.P.M. KYUNGU

Feb 1990 – April 1990 MR. S.A. ABDULAH

May 1990 – 1993 MR. W. OWOUR

1994 - 2000 MR. J.J. NGATIARI

2001 - MR. R.N.M. MASESE

FROM THE BOARDING MASTER'S OFFICE

With emphasis on welfare in the house and the Kitchen, the boarding office is really concerned with all aspects of school life. The house masters liaise with the boarding master to co-ordinate issues of discipline, welfare and academics with the class teachers and school administration.

It goes without saying that once in a while a food problem comes up in the kitchen but our boys have behaved with great maturity. We can't forget to mention the role played by the Dining Hall captain, school captain, deputies, house captains and all the prefects' body in making all things work.

Our goal is to excel progressively in academics, sports, cleanliness and discipline to enhance the

house spirit.

I've always marvelled at how the old boys speak of their former houses with pride.

The principal Mr. Masese is currently working on a project to improve all the houses but keeping the houses in order will always be the responsibility of the house members.

Ted Mungai
Boarding Master.

ACADEMIC REPORT

THE NAIROBI SCHOOL CURRICULUM

Our vision is "to develop virtuous individuals as a foundation of a good society".

Education is crucial for the creation of a cohesive society, nation and world. This is due to the fact that education is the process by which human beings learn about others, how to develop goals and how to govern their behaviour.

Proper education is necessary for a society that requires virtuous people.

The Nairobi School is set to achieve not only academic excellence but also build individuals of moral excellence.

It is in cognisance of the above that the school offers such a wide curriculum of 21 subjects, the widest in the nation.

Language : English, Kiswahili, French

Maths : Maths

Sciences : Chemistry, Physics, and Biology
(all are pure)

Humanities : Geography, History and Government,
C.R.E, I.R.E and S.E.E.

Technicals : Drawing and Design, Art and Design,
Metal Work, Woodwork and
Agriculture.

Creatives : Accounting, Commerce, Economics
and Music

Mrs. Okemwa, the curriculum co-ordinator and her timetables assistants need to be commended for managing to harmonise a very complicated timetable.

We hope the burden will ease with the introduction of the revised 8-4-4 curriculum starting with form one, 2003.

Our motto: **"To the Uttermost!"**

Best wishes on your 100th Birthday - Nairobi School.

Mrs A.W. Gitau

ART AND OUR SOCIETY

What is art?

Many of us think that art deals with just drawing and painting. In reality art involves a wide spectrum of what we can call fields of art. What do I mean?

Consider the following:

If you were to leave school and travel home, what would you see? You would probably carry a few personal belongings in a bag (which has been designed). You would board a matatu which has its interior and exterior designed. You would reach home to a house that an artist has designed. See furniture that has been designed.

An artist has also created TV programmes that include design in the form of advertisements. The interior of the house would have items that have been designed from the teacup, the wall unit to the curtains... the evidence of art is endless.

Art is all around us. Everything that has been created has passed through an artist's hands. The next time you want to ask, "what is art?" Ask yourself "what is not art?"

WHAT IS THE ROLE AND FUNCTION OF THE ARTIST?

1. Artists record.

Visual images can be preserved for historical reference. Before the invention of the camera, painting and sculpture were the means of record.

2. Artists give tangible form to the unknown.

They attempt to record what has not yet been seen or what has not yet occurred e.g. dreams and visions

3. Artists give tangible form to feelings

i.e. the artists own and those carried by people e.g. love, despair, hate etc.

For one to be an artist, they have to be creative. The following are the traits of creativity that an artist may possess.

TRAITS OF CREATIVITY

1. Sensitivity. Heightened awareness of what one sees, hears and touches as well as responsiveness to other people and their feelings.

2. Flexibility. An ability to adopt to new situations and to see their possibilities and willingness to find innovative relationships.

3. Originality. Uncommon responses to situations and to solving problems

4. Playfulness. A sense of humour and ability to experiment freely.

5. Productivity. The ability to generate ideas easily and frequently and to follow through on those ideas.

6. Fluency. A readiness to allow the free flow of ideas.

7. Analytical skill. A talent for exploring problems taking them apart and find out how things work.

8. Organizational Skill. Ability to put things back together in a coherent and logical order.

Miss. R. W. Ng'ang'a
Head of Subject- Art and Design

BIOLOGY DEPARTMENT

The department has a total of seven teachers with two teaching chemistry and another two agriculture as well.

The teachers are:

1. Mrs. A.O. Otieno
Head of Subject.
2. Mrs. Ashubwe
Asst. H.O.S
3. Mrs. N.W. Karuri
Deputy Principal
4. Mr. Ted Mungai
Boarding Master
5. Mrs. Nyambok
6. Mr. Kinyanjui
7. Mr. Majani

This is one department where teamwork is very strong. The students have found this to be beneficial since assistance for remedial work is freely given by any teacher during the course of the term.

Biology is an optional subject but most students opt for it since they end up doing very well at K.C.S.E. level. Combined with chemistry, it offers many openings for the students in the various universities. Students mainly opt for medicine, Agriculture and environmental conservation.

The best mean grade has been 9.8, B+ but we are still aiming at B+ of 10.00 and above.

CLUBS

The most active are the environmental club, wildlife club and the science club.

Results have improved due to the 3 well-equipped labs. Special recognition goes to the lab-assistant, Mr. William Muniale who has worked since 1964 but is now retired. Mr. Muniale was competent, very hardworking, humble, religious, always ready to assist, and not forgetting he was extremely kind.

He is almost indispensable but such is life. He is greatly missed.
Mrs Ashubwe.

CHEMISTRY DEPARTMENT

The chemistry department has seen quite a number of successes. All students in Nairobi School take Chemistry as one of their science subjects. The department is very well equipped and it is possible to carry out most of the experiments within the syllabus.

The mean grade has continued to improve, every year, last year having been the highest since 8.4.4. started. At 7.97 we aim to push this to 8.00 and beyond. At the moment we are using two laboratories. The third laboratory is waiting for rehabilitation after running down after many years of use.

We would like to recognise the efforts of Abraham Liyengwa who has been our Laboratory technician for the past 35 years, having joined the school in 1967. He retired this year after long service with dedication and commitment **“to the uttermost”**. We would like to welcome Annabell Njeru and wish her success.

I would also like to thank our team

of dedicated teachers who go the extra mile to see our boys excel.

These are: -

Mr. Oduor
Mr. Waweru
Mr. Odari
Mrs Mwangi
Mr. Mungai
Mr. Masake
Mrs. Ashubwe

These have worked as a team over the years.

We would also like to note the dedication of our boys who never give up and fight to the last moment for excellent results.

Lastly we thank the entire administration especially the principal who has always assisted where we have need.

Our commitment is to perform **“to the uttermost”**, as the sky is the limit.

Mrs Odari

FROM ABRAHAM LIYENGWA - LAB ASSISTANT

I joined the then “Prince of Wales school in the year 1967 at the age of 23

Abraham Liyengwa

years. I had just completed my Form 2 Education at City High School Nairobi and had done the Form 2 Examination called Kenya Junior Secondary Examination (K.J.S.E.).

The school really needed somebody with Secondary Education and with knowledge in Physical Science. I could not continue with Education

because the school fees of Kshs 250/- per year became a big problem for my parents. I was invited to attend an interview as Laboratory Attendant. I passed the interview well and was requested by the Head of Science (Mr. ATKINSON) to start working immediately. It was on 2/2/1967 at 12.00 Noon.

The Head of science encouraged me to try G.C.E. LONDON as a private candidate. He volunteered to be helping me in science subjects. I got a pass in chemistry, which pleased him indeed. Mr. ATKINSON did not give up, for he found out that I was a very bright African. Being a part time Teacher at the Kenya Polytechnic, he enrolled me to study a Laboratory Assistant Course; doing all science subjects, Math and English. This was in the year 1968. I passed very highly and I was the first African employee with approved certificates in Sciences. As if it was not enough, I approached my Head of Department (Chemistry) Mr. W.A. Priestley to allow me to go back at the Kenya Polytechnic to do Laboratory Technician Course. He accepted even to pay for my fees if the school could not. It became possible in the year 1972 – 1974. I qualified as a Laboratory Technician in the year 1994.

CULTURE

It was during my stay here with these friends of ours (Europeans) that I physically saw a daughter-in-law swimming together with the father to her husband, holding hands while diving down the pool in full swimming costumes etc.; actually almost naked. Some of us seeing it for the first time in life used to cover our eyes to avoid seeing such, while they themselves were happy, laughing and really at home!!

Teachers were very hardworking.

They helped whoever wanted help in any field, whether it was an employee or a student so long as one had an interest. I was even requested to help them learn Kiswahili. The Principal, Mr. Wigmore forced all employees who could not read and write to attend Adult Education and I became their teacher.

I have enjoyed working in this prestigious school for all these years. I retired and was asked to continue on contract. I will live to remember all those that have passed through this school, teachers, and students not to mention the Principals. My heart is full of joy and gratitude as I leave this institution.

God bless you all.

ABRAHAM LIYENGWA

DRAWING AND DESIGN

Another Language

There is not a single feature of our country's development that is not affected by a design of some sort.

It is important to observe that most of the ideas adults have about their society are formulated when they are in their teens. It is therefore important that teenagers be involved in designing, particularly designs of objects that reflect our culture. Drawing and Designs deals with the design of the objects, which serve various functions with some level of beauty also, desired. Have you ever wondered how your mobile phone, your car, your watch or your house is made? All drawings of such objects originate from the drawing office. Craftsmen interpret the drawing and produce the objects in workshops or factories.

Drawing and design is therefore an integral section or department of any organized engineering system.

In a school situation, we prepare the learners for this eventuality by equipping them with basic skills and knowledge about the subject. Students learn about different materials and their properties, methods of shaping and joining them, including finishing operations.

Students also learn geometry and the many technical methods of shape. They also learn about tools, machines and other appliances necessary for common engineering functions.

Drawing and Design is therefore a necessary subject not only for a developing country but also for developed ones.

It is useful in all subjects where sketching is concerned. All professionals need it to communicate ideas which require drawings – it is a “language of common communication”.

Joseph Kinuthia Kamotho
Head of Subject

ENGLISH, “THE ENVIED” SUBJECT

Greetings to you all. English is an envied subject that is taught by 8 teachers, namely:-

1. Mrs. W. Gitau - Head of Department, English/Library
2. Mrs. C.A. Otiemo - H.O.S.
3. Mrs. J. Mwadime
4. Mrs. E.N. Kingori
5. Miss. F. Kariuki
6. Mrs. J. Ogeisia
7. Mrs. A. Waithaka
8. Mrs. F. Muriuki

Success in this department lies in the unity of purpose, goodwill and teamwork among the teachers. All the

eight have proved to be good role models not only as professional teachers but also as teachers of a language that carries culture with it.

Our students are very good in both the written and spoken aspects of the language. The integrated syllabus where English language and literature are treated as one has lowered the K.C.S.E grades in all secondary schools.

I am happy to report that we do produce ‘A’s at K.C.S.E. level. “Sheng” has infiltrated and has become an ‘official’ language among the youth, causing concern from those of us who teach languages.

Most parents ask their children, “how can you do poorly in a subject as easy as English?” That is also the attitude of most Kenyan youths. They spend money and time in the science and maths subjects and of course reap bountifully.

We encourage them to put more emphasis on English since it is not just the grade that counts, it is also how well one uses it to get jobs/careers of their choice.

We wish all our 2002 candidates success work **“To the Uttermost.”**

Happy Birthday, Nairobi School, Patch is your Nickname Prince of Wales, your old name. Do not cry. All are ready to help in capturing the lost glory.

**Move on.
Mrs A.W. Gitau**

LIBRARY

This respected and honoured reservoir of knowledge is as old as the school itself. This means that it is too small for the current enrolment in

the school. If you put in your coin during the harambee celebrations, a larger and modern Library block might be put up with your name inscribed "in the Lord's book" as a generous contributor.

We had for a long time only one Librarian, Joseph Mwangi. He worked for twenty years and was then contracted for another three years. He has now retired gracefully. Mr. Mwangi is a man of exceptional talent. He is very innovative, humble, hardworking and disciplined. He zealously guarded the books in this

Mr Mwangi
Librarian

library. Mr. Mwangi is a gentleman who will not be forgotten easily. He inducted Mrs. Elizabeth Simiyu and has left her a happy lady. Mrs Simiyu

is a hardworking, creative and ambitious lady with a bright future.

We have still kept the very old but extremely useful materials. The administration has tried to stock the library but this is still a project to be embarked on seriously. All the official newspapers are available in the library, i.e. the Daily and Sunday Nation, the Standard, the Kenya Times and Taifa Leo. Nairobi School students are hence kept abreast with what happens in the world, "the global village."

The student librarians enjoy assisting the school librarians to keep the library clean and neat.

God bless you
Mrs. A.W. Gitau- Teacher I/C

THE FRENCH DEPARTMENT

French as a subject is almost as old as the school itself. This is evidenced by French books found in the library, which are dated as far back as the early 1960's and can still be used by our students as reference books.

If French could benefit those students then, it is far more beneficial in the modern world.

You have had it said the world is one "global Village", for it to be so, communication is of the uttermost importance. Hence French is no longer considered as a language for the colonised or for the elites it is an International language second to English. What a status!

In the job market whether nationally or internationally, French is a subject that gives students an edge for better competition in the search for employment in a fast-paced world.

Coming closer home, French is offered in Nairobi school as an optional subject to students in form one and then can have the liberty of specialising in it from form 2 - 4.

It has been a joy to witness students pursuing French to higher levels of learning and later impacting the society with the same.

Vive l'école de Nairobi, School!
Vive la langue Française!

Prepared by Mrs. M.N. Chege
H.O.S. French.

FRENCH CLUB

The French students take a keen interest in the activities within the French club. These activities are varied and range from French drama French music, Celebration of the

French week symposiums and exchange programmes. All these are meant to create fun while learning French in an environment other than the classroom.

Mrs. Chege.
Patron French Club.

MUSIC DEPARTMENT

Introduction

Music is part and parcel of the life of all animals and other living creatures since time immemorial. It is a language of the inner most expression of an individual's emotions and feelings of happiness, disappointments, anxieties, aspirations etc.

In the life of the school, music has been a source of fresh oxygen every morning before any official learning takes place in the classrooms; ever since the school was established. It relieves and harmonises the minds of the entire school community from the stresses of the previous day and sets the right tone for each new day's tasks.

In the light of the above background, the Music department is the servant of the life of the school. It is one of the smaller departments but with the gigantic task of ensuring that the entire school is in top gear in its academic, games and other social activities in the spirit of the school's motto –

"TO THE UTTERMOST"

Academic Performance

The department has steadily made improvements in the performance in the K.C.S.E over the years attaining the mean grade of B+ in the year 1999, 2000 but had a slight drop to B- in the year 2001. However, this trend will certainly be reversed by the current candidates who have promised to score a mean grade above B+

The department has an enrolment of 56 boys distributed as follows:

Form 1 – 24 boys

Form 2 – 13 boys

Form 3 – 8 boys

Form 4 – 11 boys

Curriculum

The students study African music and Western music covering theory, history and practical musicianship. Some of the practical areas where the boys have gained skills in include:

Voice training

Recorder playing

Piano playing

Brass instrumental playing

Percussion instruments.

Chapel Services

The music department runs the music programmes in the chapel throughout the week in terms of hymn practice and conducting an organ and piano accompaniments during the service.

Vocal Music

The department has encouraged singing among the boys, as this is a precious skill that the young men need to develop for their future while here in school.

The school choir has evolved into a force reckon with among other schools of substance in the country and in the city of Nairobi. The choir won several classes during the Provincial Music Festival held at the Kenya Christian Industrial Training College at Eastleigh between 9th – 15th July 2002. Nairobi School and The Kenya High School have traditionally performed jointly as a mixed choir. They scooped first and second positions in the small choir and in the mixed set piece respectively during the provincial music festival.

In the National Music Festival at KICC held between 7th – 15th August 2002, the two-mixed choir

classes scored 1 and 4th positions lifting a trophy and certificate.

Solo performances

The following performed in the solo singing and did extremely well: -

Tenor solo:

1. Arthur Owiti of Form 3 K – Naivasha House came 4th overall with 86%.

2. Daniel Gitonga of Form I S – Tana House came first with 89%.

Bass solo:

1. Edward Parseen of Form 4 K – and Head of House Serengeti came 4th with 85%.

2. Gratien Iyumva of Form 4 and Head of House Elgon came 3rd with 86%.

Instrumental Music:

Recorder Music:

Recorder solo:

1. Edward Parseen Form 4 K Head of House Serengeti performed at the provincial level and came 1st with 86% and came 2nd at the National level with 86%.

2. Joseph Njane of Form 4 K played at the provincial level and came third with 84%.

Recorder Ensemble: National level.

The record group of 8 players playing four ranges of the recorder: Descant, Alto, Tenor and Bass performed and came 2nd with 86%.

Brass solo: National level.

1. Edward Parseen of Form 4 K and Head of House Serengeti performed a Trumpet solo and came 1st with 86%.

2. David Manyura of Form 3 K – Athi House performed a Trombone solo and came 3rd with 84%.

The School Brass Band

The Nairobi Brass Band is the centre of the heart of the school's life. It

is an ever present feature at the school assembly on Wednesday to entertain and accompany the school in the singing of the National Anthem during the National Flag raising parade in the quadrangle every Friday morning. The band has been traditionally invited to entertain and accompany the Vespers during the Kenya High School's Speech Day.

The Band was honoured by being invited to accompany the 600 strong Nairobi Secondary Schools Mass Choir ably conducted by Andrew Obaga on 1st of June 2002 (Madaraka Day) at the Nyayo Stadium. In early June, the band entertained the visiting Commonwealth Secretary General, the Rt. Hon. Don Macknon in the School.

On 27th July 2002, the band teamed up with the Langata High School's Brass Band and entertained the public and led the walkers along the 25 km walk to mark the school's centenary celebrations (1902 – 2002) which was also intended to raise money for the school's rehabilitation programme.

Performance at the National Festival

The Nairobi School Brass Band took part in the National Music Festival and played ABBA'S Number – "Money Money Money," arranged by Moses Walatwa (old Cambrian and former band leader) and edited and conducted by Mr. Andrew Obaga and came first with 87%.

Conclusion

The above analysis shows and confirms that the music department is small but doing great tasks in the school and beyond.

Needs

The department is in dire need of Music books with up to date materi-

als for theory, practical pieces in all areas and musical instruments i.e. pianos, brass and other orchestral instruments. We shall be grateful for any assistance in any of these areas.

Mr. Andrew Obaga
Music Teacher – Head of Music.

EXAMS OFFICE

The examinations officer is a very important office in the school. The office in charge co-ordinates to ensure that all 21 subjects keep to very high standards of testing. C.A.T.s (Continuous Assessment Tests) are co-ordinated through the department while quizzes are left to individual teachers. Considering that the school is six-streamed, co-ordination of assessments is vital. The office keeps record of:

- Subject analysis per form for internal exams.
- Subject analysis per class for K.C.S.E.
- Subject analysis per form per class for external mocks, mainly Baring/Koibatek which our school has taken part in for the last 2 years.
- Analysis per class per form- general
- Analysis per house per form.
- The best students per subject per form receive recognition on prize giving days.
- The best K.C.S.E students, those who score A (plain) and A- (Minus) receive cash awards plus tokens they can keep as souvenirs.
- Teachers of the best-performed subjects are also recognised on the same day.
- All subjects have set their target means at K.C.S.E. Those that meet theirs receive cash awards.
- All positive mean deviations per subject at K.C.S.E. receive cash awards.
- Meeting of deadlines has helped the office to work under very little pressure.

Nairobi school has continued to do well in national exams and strives to be the top school in the nation. This is not just a dream, it is an achievable goal.

Mrs. Ojuang, the exam co-ordinator deserves a special mention for her competence, dedication, professional attitude and strictness in this very demanding office.

Still working “To the Uttermost”!

NAIROBI SCHOOL MAKES IT IN SCIENCE CONGRESS TO THE NATIONALS

This was a blessed year for the young scientists of Nairobi School. They actively prepared to participate in the science congress and did well. The students who participated at the zonal level at Jamhuri High School and excelled to represent the school at provincial level were:

- Haret A.H. - 4K
Baringo house
- Gathura M.K. - 4K
Baringo house
- Ngechu J.N. - 4K
Kirinyanga house
- Ahmed A.A - 4K
Naivasha house
- Mumelo M.R - 4K
Serengeti house and
- Njane J.K. - 4K
Serengeti house

From this group emerged Haret and Gathura to represent the school at the National level. The nationals were held at Tudor secondary school Mombasa. These students also had a chance to see some historic sites like fort Jesus, the Kenyatta beach and the port of Mombasa. The project presented at the National level was a talk entitled “**Skin Ointment**”. The talk was in line with

the theme for the science congress which was:- “Science and Technology for a “Healthy Nation”.

THE KEY AREAS WHERE STUDENTS EARN MARKS IN THEIR PROJECTS INCLUDE

1. PRESENTATION

a) Introduction

- i) Self introduction
- ii) Topic of the talk/exhibit (clarity of the title)
- iii) Objective of the talk/exhibit
- iv) Statement of mode of presentation

b) Development of Topic

- i) Background information
- ii) Logical sequence of ideas
- iii) Clear and audible voice

c) Audio/Visual Aids

- i) Availability of A/V aids
- ii) Relevance to theme- judge to confirm by questions
- iii) Audibility/visibility
- iv) Appropriate use
- v) Neatness.

2. ORIGINALITY OF THE EXHIBIT/TALK

- i) Original idea or
- ii) Modified idea
- iii) References

3. SUBJECT MASTERY

- i) Suitability of the content/data
- ii) Accuracy of information
- iii) Depth of information
- iv) Answers to question
 - a) Accurate/precise answers
 - b) Answering all questions

4. CONCLUSION

- i) Attempt to make conclusion
- ii) Quality of conclusion by highlighting key points.

5. OVERALL ASSESSMENT

- i) Complete in time provided
- ii) Captivating
- iii) Educative

- iv) Application to real life situation
- v) Interpretation of the theme.

To succeed in your project work you need:-

1. To start early e.g. in third term
2. Consult with:-
 - i) The Science club patron and
 - ii) The teacher whose subject the object originates from
3. To read widely in your project area and
4. To work in pairs (with a partner).

Students who wish to participate in next years science congress can begin right away. The theme for 2003 science congress is "Self Sufficiency". All students are invited to work at house level in readiness for the inter-house science congress in first term 2003.

Thank you and may God bless you as you come fourth.

MASAKE T.

Science Club Patron.

SOCIAL EDUCATION AND ETHICS

The teachers who teach this subject are:-

- i) Mrs. Jaoko - E.A.
Head of Subject
- ii) Mrs. Chege M.N
- iii) Mrs. Kiget L.C
- iv) Mrs. Gunyali. A.
- v) Miss Onsando R.
- vi) Mrs. Kyungu E.B
- vii) Mr. Githinji P.J.M.

With the introduction of the 8.4.4. system of education, S.E.E was introduced as a new subject. At 1st it was compulsory but non-examinable. Later, it was declared examinable without major changes in the syllabus. The students were given an option to choose any one of the Humanities i.e. S.E.E.; GEOG, HIS-

TORY, IRE OR CRE at K.C.S.E level. The subject is very popular in school and is enjoyed by all our students. The KCSE results in S.E.E. over the past few years were commendable. The candidates often scored a C+ and above with a percentage pass of between 90% - 100%. In fact the subject has been a booster subject to the general overall performance of the individuals as well as school mean grade. Well done, teachers and students. You have done the school proud!

GUIDANCE AND COUNSELLING

CAREERS, GUIDANCE AND COUNSELLING COMMITTEE, 2002

Mrs Kyungu

TEACHER

1. Mrs. E. Kyungu S.H.O.D/G.C
2. Rev. P.N. Kariuki
3. All Year Heads (Form 1-4)
4. Mr. D. Odari
5. Mr. Ogira Ochieng
6. Mrs. S. Mwangi
7. Mrs. J. Kioko
8. Ms. F. Kariuki
9. Ms. R. Ng'ang'a

VENUE

- Guidance & Counselling Office
- Chaplaincy Centre
- New Classrooms Office (F. 3 - 4)
- Chapel Office
- Chapel Office
- Fee- Registry Office
- Careers' Office
- Co-opted/Classroom
- Co-opted/Classroom

**TOPIC:
DISCIPLINE WITHOUT
BEATING**

INTRODUCTION

Times have changed and Education is becoming a vital aspect of socializing, especially for children at school. These children need to be trained to grow up into physically, mentally, socially, psychologically and spiritually healthy people. Children

need to be taught and to learn to cope with the informal curriculum; to be able to take orders from one who is not necessarily his or her parent. Education is very important as it serves as the basic foundation for the child's up-bringing.

Teachers, parents, caretakers must therefore apply sound and effective techniques when training and educating the child. They need to

understand the nurture and nature of children; that some children are naturally compliant while others are naturally defiant. These children need to be shown genuine love, understanding, empathy and patience, in order for them to grow into healthy, well-balanced human beings.

THE DIFFERENCE BETWEEN DISCIPLINE AND PUNISHMENT

(i) What is punishment?

This is to cause someone who has done something wrong to suffer; to treat the other person badly.

(ii) Punishment can be any corrective measure given to the offender for any form of indiscipline or repeated misbehaviour. Discipline therefore has to do with training one to learn or acquire self-control.

(iii) Types of punishment. They can be:-

- Physical i.e. caning, spanking or kneeling
- Non-physical i.e. verbal rebukes, withholding privileges, isolation or detention.

(iv) Teachers, parents and caretakers should make punishment appropriate, not only to the offender but also to the offence. Do not use big punishments for little offences. "You do not need to shoot a mosquito to kill it."

(v) Punishment should aim at stopping and correcting bad practices. Rewards should also be used to acknowledge success and effort.

(vi) As teachers, we should never allow punishment to become a form of revenge. Do not give punishment too frequently or undeservedly. This can make a child to become hardened and insensitive.

SOME TIPS ON HOW TO GUIDE AND HANDLE INDISCIPLINE IN CHILDREN

(i) As parents, teachers and caretakers we should be able to distinguish between childish irresponsibility and direct open defiance to authority.

(ii) Whatever the situation; we should

be very understanding; compassionate, kind and warm. Correct the child's mistake privately, patiently, consistently, showing genuine love and respect. Praise them, be firm, involve other people to help i.e. parents, teachers, religious leaders etc.

(iii) Children with psychological or emotional problems such as bed-wetting, thumb sucking etc. This can be caused by tension at home or even at school; or they may be lacking comfort or encouragement. Rather than dealing with the problem, find out the cause and try to resolve it through counselling.

(iv) Give positive guidance to children and treat each child as an individual with his or her time-table of maturation.

(v) Ignore some behaviours that are not destructive or harmful.

(vi) Teach children positive ways of coping with frustrating situations by using problem solving techniques and verbal statements they can use to respond to frustrations instead of fighting.

In case the child is abused or ridiculed?

Remedy:-

Encourage the child to come to school by giving him/her special duties and show the child you care. Guide and counsel parents on the child's needs and rights and how to raise the child's self esteem. Counsel the child to overcome the abuse.

Temper tantrums:-

- Pencil chewing
- Thumb sucking causes could be emotional needs
- Bed-wetting

Remedy:-

Give extra attention; show love genuinely; appreciate the child. Look for the cause of the tension and try to resolve the matter. Once the cause of stress is discovered, the child should be counselled to overcome the pressure. Do not ridicule or make fun of the child, because this does not help.

Crying:- Cause

- Low self worth
- Lack of attention
- May be learned; help to unlearn it
- Could be sick
- Emotionally disturbed

Remedy:-

- Pay attention; Empathy
- Observe if sick, seek medical advice
- Recommend counselling.

(vii) Defiance - (deliberate disobedience). Should not be confused with childish irresponsibility. A defiant child should be treated with sincere love and dignity as he/she is trained to change the undesired behaviour. The child should be rewarded positively and matters, which are not worthy of confrontation, should be ignored.

(viii) Let love be your guide in whatever you do when dealing with the child/student.

The Importance of Discipline In An Individual

1. To acquire self-control or self discipline
2. To develop acceptable social norms and build relationships with other people
3. To be able to develop self-confidence and positive self-esteem.

By E. KYUNGU

Head of Department.

WHY DO TEACHERS BEAT?

According to the research studies, there are several reasons why many teachers think that corporal punishment is the only way to maintain discipline in school. These include the following:

- It is the easiest form of discipline to administer, given the fact that classes are extremely large and unmanageable.
- Teachers find themselves trapped into using corporal punishment since it has been there for years as a tradition.
- It is not unusual to use strokes at school because the exercise starts at home from childhood.
- Teachers strongly believe that corporal punishment is educational for children, and must have a place in the learning of a child. Parents too feel that good performance at school requires strict discipline and beating.
- Some teachers feel that the use of a stick raises their dignity and status in the eyes of their students.
- Teachers are not familiar with alternative techniques of guidance and counselling.
- The government seldom takes measures against teachers who violate national law, like the National Education (Corporal Punishment) Regulations.

WHY CANNING SHOULD BE ABOLISHED

Corporal punishment has negative effects on children, both physically,

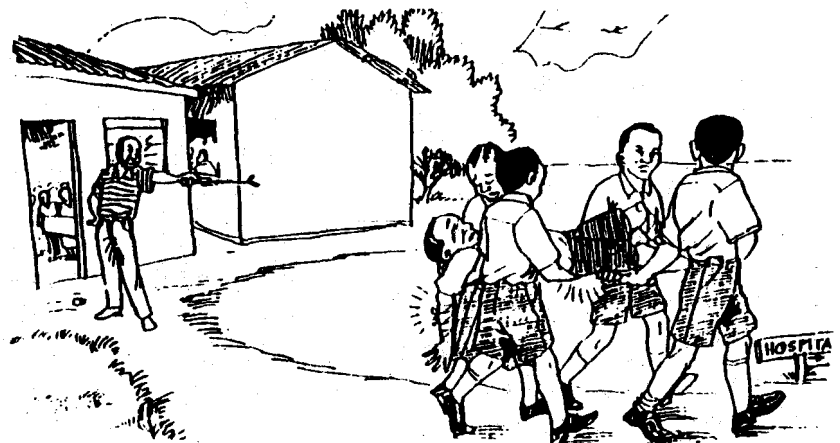

and psychologically. It teaches children hate, fear and revenge. Children experience it as embarrassing, demeaning, and humiliating frightening and painful. Evidence shows that harsh, punitive, power-based punishment causes aggression in children. Most profoundly, children learn that people in authority can use violence indiscriminately without consequences. These harmful effects of corporal punishment can be elaborated as follows:

PHYSICAL EFFECTS

- Indiscriminate beatings may cause bruises, swellings and wounds that could easily be infected with harmful bacteria.
- Violent shaking may result in brain damage and affect the hearing sense of the child.
- Violent beating on the chest or abdomen may cause serious abdominal pains and breaking of ribs.
- Harsh pulling of the hair may affect blood circulation in the brain.
- Persistent cruel beatings may cause death, particularly when the brain and other sensitive organs are affected.

PSYCHOLOGICAL EFFECTS

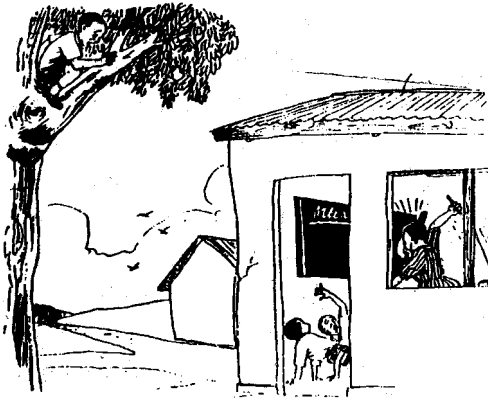

- When corporal punishment is publicly administered the victim feels bad and humiliated.
- Findings show that corporal punishment teaches the victim hate, fear and revenge. It builds up the false belief that violence is a proper solution for resolving conflicts.
- Corporal punishment creates cowardice on the part of pupils, characterized by antagonism against teachers and school rules.
- The public exposure and embarrassment that result from corporal punishment can deeply affect children, especially girls. It often leads to an inferiority complex and low self-confidence.
- Power-based punishment causes aggression in children. Instead of looking at teachers with respect, children grow up in fear. Their creativity is stifled, self esteem eroded and natural respect undermined. The children will always have the view that people in authority are allowed to victimize the powerless and use violence the way they see fit.

EMOTIONAL EFFECTS

Corporal punishment is not an effective way to help children learn or establish school discipline because:

➤ When a child errs the teacher should make sure the child knows the causes and the effects of the mistake and not just beat. Otherwise the child may pay much more attention to the punishment given than to correcting the mistake.

➤ When a child is beaten she or he becomes furious and may feel like hurting and beating others. In other words, the child learns to copy the behaviour of the teacher!

➤ A child who is beaten often will try to find a way to escape this situation. This may lead the child to avoid school and eventually even drop out. Experience shows that the

schools that administer the most caning are also the schools with the most truancy.

➤ Children fear

teachers who beat them a lot and this affect their academic performance.

➤ Frequent beatings make children cut their communication links with teachers. In this way, the learning environment is disturbed and the possibility of counselling or guidance from the teacher is ruined. As a result, teachers become unfriendly and the relationship breaks down.

➤ Regular punishment can make children remain unruly and stubborn, making it difficult for teachers to improve learning and rectify behaviour. The affected children remain head-strong and may eventually get involved in more serious offences.

➤ With corporal punishment democracy is impaired, self esteem eroded and participation stifled. Therefore children grow up in an extremely automatic and hierarchical environment, without love, mutual respect and interdependence. Children learn that big people can just beat them and get their way. If one is bigger and more powerful, one can do what one wants despite the outcome.

Children learn that conflicts and disagreements are solved by force (where the stronger one wins). In this context children learn that survival means being passive, quiet, succumbing to the violence, and bearing the insult and the pain.

With these effects, it is clear that corporal punishment is not only unwanted, irrelevant and outdated, but is also unhelpful in creating sustainable behaviour and building strong and independent discipline amongst children. Children may even

be unable to establish between violence and discipline, a situation, which will prevail up to their future life.

WHAT SHOULD WE DO?

CHILDREN SHOULD NOT CARRY A BURDEN WHICH IS NOT THEIRS

We all know the situation in our schools. Children are forced to study in nasty environments. They sit in overcrowded classrooms, on dusty floors, and lack basic learning materials. Similarly, teachers face difficult conditions. They have low pay, which is often paid late. They lack housing and teaching materials. Such conditions obviously affect the performance of teachers, including making it difficult to control school discipline. That is why some teachers opt for the rule of a stick as the easiest method to keep children under control.

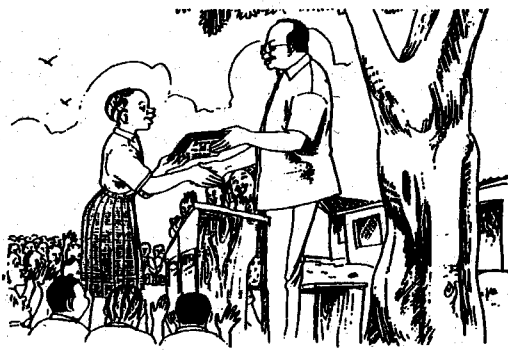

However, as discussed before, the use of a stick is not a realistic solution for establishing discipline in schools. Neither are the teachers' problems a warrant for what is done to children. We agree that teachers have problems, but these problems should

be addressed to relevant authorities such as their employers. It is unfair for children to be beaten due to teachers' frustrations! Children should not have to carry a burden for which they are not responsible. They should rather be given their due rights without being distracted with heavy punishments, as is normally the case.

We would therefore recommend the use of alternative punishment, whenever punishment is necessary. Methods used should always ensure the humanity and dignity of each child, and the following should be noted:

- Discipline methods should not in any way humiliate the child.
- Discipline methods should help the child understand his or her behaviour and improve it in the future.
- Discipline methods must consider the rights of the child and human beings in general.

PRAISE THE GOOD BEHAVIOUR OF CHILDREN

Teachers need to have a way of recognizing and praising children who do well at school rather than concentrating on punishing mistakes. Children need to be praised for the

many ways in which they benefit the school, their fellow students or themselves. This may include doing well in their studies, caring for others and the environment or good behaviour. This "positive" side of discipline is often forgotten. Teachers act more seriously on the negative discipline than on the positive and that accounts for the frequent use of corporal punishment.

Research has shown that positive discipline is much more effective in helping the child understand, learn and correct behaviour than negative discipline. Children learn more through praise than through beating. There are many ways of strengthening positive behaviour through discipline. These include:

1. Praise the child in front of other children.
2. Award special certificates to children who perform well or are particularly caring.
3. Write a letter of congratulations to a child who had done exceptionally well.
4. Write a letter to the parents telling them the way in which their child has performed well at school.
5. List down the names of children who do well in school and put them on the notice boards.
6. Write encouraging words or comments when marking children's exercise books.
7. Praise the child verbally immediately after doing a good job.
8. Call the child in the office and praise him or her in front of other staff members.
9. Plan for class/school competitions and reward the winners.
10. Give material rewards like exercise books or pens to those who perform well at school.

USE ALTERNATIVE PUNISHMENTS

Teachers can also find and make up different ways of encouraging children and making them feel happy at school. However, where punishment is necessary, before the teacher administers it, she or he has to verify whether the student has really made the mistake. This involves listening to the student patiently and consulting other students.

When the teacher is certain that the mistake was done, she or he should observe the following:

- Explain the mistake to the child carefully and quietly, and make sure it is understood.
- Think of a punishment linked to the mistake that will help the child not to repeat that mistake.
- The punishment has to be of benefit to the child.

This means any punishment given should aim to help the child understand and modify his or her behaviour, rather than to hurt or humiliate the child.

The following alternative punishments can be used:

1. Ask the child to write a statement on the harmful effects of the negative behaviour.
2. Ask the child to clean the school compound or classrooms.
3. Ask the child to water or weed a school shamba.
4. Ask the child to do additional

academic work.

5. Invite a parent for a talk about the child.
6. Ask the child to apologize for the mistake in front of other children.
7. Separate the child from others and give her or him time to reflect on their mistake. For example, a mat could be brought on which the child is asked to sit for some time, understand their mistake and think of ways to improve their behaviour.
8. Ask the child to repair what they have damaged.
9. Ask the child to help dig a rubbish hole.
10. Ask the child to plant trees or flowers on the school compound and look after the garden.
11. Suspend or exclude the child from school for a specific period of time to give the parents time to discuss the matter with the child and the teachers. However, this punishment should only be used for very grave mistakes, and only if other solutions cannot be found.

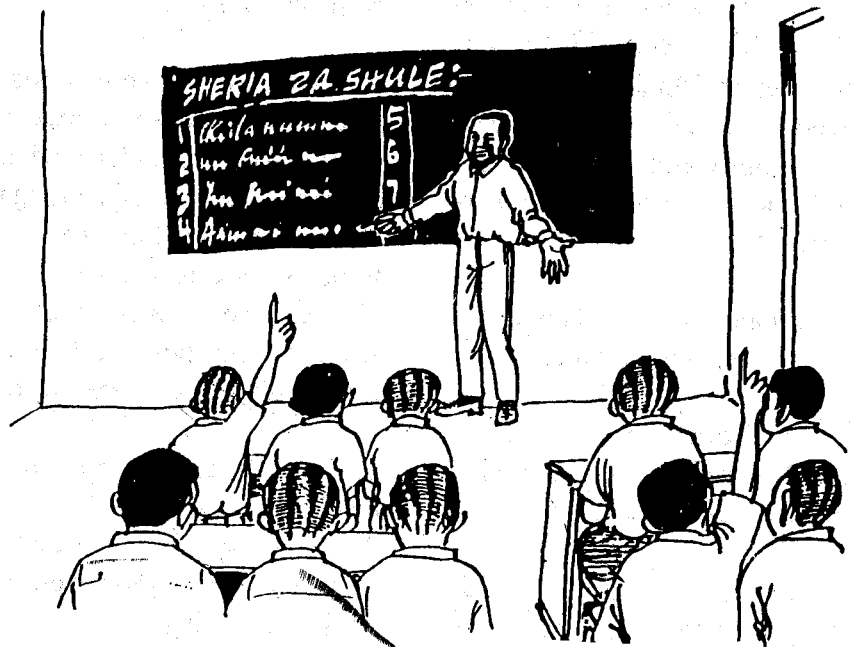

RESPECT CHILDREN AND INVOLVE THEM IN MAKING THE SCHOOL RULES

Since children are the ones most affected by corporal punishment in schools, teachers should respect, love, and help them to avoid unnecessary punishments. For instance, teachers can show concern by giving them enough assignments and correct them timely so as to make the students busy. Likewise, if a teacher arrives late in class and finds the children talking/making noise, the

teacher should apologize for being late instead of beating the children! As much as possible let the students participate in the process of formulating school procedures and rules rather than just depending on what their teachers have decided for them. This will make them feel part

of the system. This will also help the students understand and follow the rules they have set themselves.

Letter to My Future Son or Daughter

Dear Martin and Mary,

You aren't even here yet, but I feel it is important to write to you about some issues you'll be facing when you become a teenager.

First, let me say that I love you and always want the best for your life. I want to see you enjoy healthy friendships and be a good friend too. I hope that you will one day find the love of your life and get married. I want you to have the best sex, the safest sex and the most responsible sex, and that involves waiting for marriage.

You may think to yourself, "Why wait for marriage to have sex when marriage is no guarantee that a relationship will stay together?" I have often thought that myself, especially since my parents (your grandparents) marriage ended in a divorce. However, just because your grandparents' marriage failed doesn't mean my marriage or your marriage has to fail. Marriage takes hard work and a lot of sacrifice. It also brings a lot of joy and happiness. Waiting to have sex until marriage will allow you the freedom to pursue your dreams and goals. It will also help you avoid sexually transmitted diseases, which in some cases could seriously harm or kill you. I love you to much to want something like that to happen to you.

You are going to have sexual urges and desires. All of us do. It is how you decide to act on those urges that is important. I often channel my sexual energy into playing football or going for a walk or just going out with friends. It is not always easy, but it's better than getting a girl pregnant or losing out on my dream to go to college because I am working to support a child when I'm not ready.

You have a lot of life to live. Live it well. Live it wisely. Live it with esteem and respect for others. Treat a woman (or man) with dignity and respect her (or his) standards. You could be going out with someone else's future wife (or husband). How do you want your future wife (or husband) to be treated? I am sure with the same kindness and respect you show to those you date.

I am here for you any time you want to talk. I want the best for your life, and saving yourself for marriage is the best advice I can ever give you. Nothing good comes easy but you can do it.

**Love,
Dad and Mum**

HELPING YOURSELF

When stress does occur, it is important to recognize and to deal with it. Here are some suggestions for ways to handle stress. As you begin to understand more about how stress affects you as an individual, you will come up with your own ideas of helping to ease the tensions.

PHYSICAL ACTIVITY.

When you are nervous, or upset, release the pressures through exercises or physical activity. Running, walking, playing tennis or working in your garden are just some of the activities you might try. Physical exercise will relieve that "up tight" feeling, relax you, and turn the frowns into smiles. Remember your body and your mind work together.

SHARE YOUR STRESS.

It helps to talk to someone about your concerns and worries. Perhaps a friend, family member, teacher, or Counselor can help you see your problem in a different light. If you feel your problem is serious, you might seek professional help from a psychologist, psychiatrist, or social worker. Knowing when to ask for help may avoid more problems later.

KNOW YOUR LIMITS.

If a problem is beyond your control and cannot be changed now, don't fight the situation. Learn to accept what is for now until such time when you can change it.

TAKE CARE OF YOURSELF.

You are special. Get enough rest and eat well. If you are irritable and tense from lack of sleep or if you are not eating correctly, you will have less ability to deal with stressful situations. If stress repeatedly keeps you from sleeping, you should ask your doctor for help.

MAKE TIME FOR FUN.

Schedule time for both work and recreation. Play can be just as important to your well being as work:

you need a break from your daily routine to just relax and have fun.

BE A PARTICIPANT.

Sitting alone can make you feel frustrated. Instead of feeling sorry for yourself, get involved and become a participant. Offer your services in neighborhood or volunteer organisations. Help yourself by helping other people. Get involved in the work and the people around you. You're on your way to making new friends and enjoying new activities.

CHECK OFF YOUR TASKS.

Trying to take care of everything at once can be overwhelming, and therefore, you may not accomplish anything. Instead, make a list of what tasks you have to do, then do one at a time, checking them off as they are completed. Give priority to the important ones and do those first.

MUST YOU ALWAYS BE RIGHT?

Do other people upset you – particularly when they don't do things your way? Try co-operation instead of confrontation: it's better than fighting and always being "right". A little give and take on both sides will reduce the strain and make you feel more comfortable.

IT'S OKAY TO CRY.

A good cry can be a healthy way to bring relief to your anxiety, and it might even prevent a headache or other physical consequences. Take some deep breaths; they also release tension.

Miss Ng'ang'a

CLASS OF 201
2002/2003 UNIVERSITY ADMISSIONS
LIST OF STUDENTS SELECTED FROM

SPEECHES AND PRIZE LISTS

PRINCIPAL'S SPEECH

(SPEECH DAY 26th MARCH 2002)

Our Guest of honour this morning, Mrs. Monicah Kilonzo – the P.D.E. Nairobi, the Chairman BOG, Chairman PTA, Members of the Board and PTA Teachers, Parents, Students, distinguished guests ladies and gentlemen, good morning.

Welcome to Nairobi School on this very important occasion of our Prize Giving day. Traditionally we have held such occasions in second or third term, this time round our decision to have it in first term was deliberate. For any acknowledgement of good effort is a morale boost as proven by performance psychologists.

In our Prize Giving Day last year we did indicate our KCSE target for 2002 to be mean score of 8.732. This we did achieve although our improvement from 8.15 to 8.30 is quite commendable. Since that target was not met, we still have it as our target for 2002.

I wish to commend the following departments for having achieved their departmental targets, which contributed to the improved mean score.

1. Metal Work	4.09
2. Wood Work	3.94
3. Maths	1.18
4. French	1.47
5. Chemistry	0.07
6. Biology	1.28
7. History	0.07
8. Physics	0.02

9. S.E.E.	2.16
10. Art & Design	0.62
11. Agri.	0.46

I also wish to thank the following departments for maintaining high mean score although they did not register improvement performance.

1. Metal Work	10.25
2. Accounts	10.19
3. History	10.17
4. Wood Work	10.00
5. Biology	9.80

In all this the cumulative effort of all subjects to the kind of mean grade the school gets cannot be overemphasized. It calls on team spirit selflessness and a lot of sacrifice.

I therefore wish to thank our teachers for being instrumental in spearheading our campaign to get back to the top.

Looking at past performances one cannot miss out on the fact that there has been a sustained improvement in performance for the last three or four years, this is a trend we want to maintain for purposes of becoming the top school in the Nation.

2002 - 8.93
2001 - 8.30
2000 - 8.15
1999 - 7.41

In co-curricular activities we have done reasonably well, drama group is proceeding to National competitions in Meru representing Nairobi Province, Rugby clinched the Prestigious Impala Floodlit. Secondary

Schools Trophy on Saturday, Basketball and Hockey teams did well in the Provincial league but were eliminated at some advanced stages.

Preparations for Science Congress Competitions in second term are underway and we intend to make an impact. The Music Department will also as expected offer prizes as usual. We in general expect our teams to do well in co-curricular activities e.g. Cricket, Racket games and Athletics.

In order to be the top school that we are aspiring to be, we have put in places some strategies Viz:

1. Early completion of syllabuses in order to allow candidates adequate time for preparation for National Examinations.
2. Minimization of disruption of learning programmes by asking parents to pay fees in time.
3. Improvement of student boarding facilities through the repair of closed down dormitories like Serengeti and now Baringo House.
4. Working towards a more consultative management style between teachers and students as opposed to confrontation.
5. Continuously improving the discipline of school at whatever cost.

As we carry on with our work we face the problem of school fees

payment for needy students. I wish to appeal to some of our well-off parents to offer themselves to help pay fees for some of our needy students.

Secondly, the problem of land rates now totalling to Kshs. 8.6 million now being demanded by City hall is quite a burden.

Thirdly, our harambee is proposed to be held on 28th September 2002, before the date several mini-harambees and fund activities shall be held. We are asking for full participation by all of us to enable the school raise the funds required.

Finally we wish to thank:

B.O.G. - for providing leadership and encouragement. Our meetings are always well attended.

P.T.A. - for the enthusiasm shown through its readiness to embark on the renovation of facilities and support for teachers.

T.S.C. - for giving us teachers whenever we have staffing shortages.

TEACHERS - for their dedication, commitment and teamwork in carrying out their duties.

M.O.E.S.T. - for the support we have enjoyed and in particular

the bursaries we get.

PARENTS - for the support and in particular their decision to contribute **Kshs. 10,000/=** towards a harambee to rebuild Nairobi School.

- Our AGMs are very well attended and that gives us a lot of encouragement.

STUDENTS - for being receptive to directions given.

Long live Nairobi School. Always working,

'TO THE UTMOST'

Robert Masese
PRINCIPAL

CHAIRMAN, PARENTS TEACHERS' ASSOCIATION

Prof. Simiyu

This year is a memorable one because there will be no other like it. It is the centenary of the school. We shall remember the great achievements of the school and the challenges it has faced in the last one hundred years of educating the Kenyan nation to the uttermost.

I personally, take pride in this school because some thirty years ago, when I was a vi-

brant young graduate teacher I taught in this school. Little did I know that God had a plan for me to become a parent and chairman of the P.T.A of the same school.

I therefore take this opportunity to congratulate Nairobi school (formerly Prince of Wales) on its first centenary and the entire Nairobi school community, the teaching staff, non-teaching staff, the (Cambrian society, members and especially the current) students on their sterling efforts and achievements. I urge them to keep up the record to the uttermost until Nairobi school becomes the premier centre of excellency in the nation.

In the last four years the parents and teachers of this school through their efforts have started turning the school round both academically and infrastructurally, we have the solid intention to keep up the tempo relentlessly if the school not only recovers its past glory but even surpasses it. Now that Serengeti and Baringo House have been restored to their original selves, we hope that the fourth coming centenary harambee will go a long way to revamp the school a new!

Let us together give Nairobi school its original self.

God bless you.

STAFF, B.O.G AND P.T.A LISTS

STAFF LIST – 2002

NAME OF TEACHER	TEACHING SUBJECT	DESIGNATION/ RESPONSIBILITIES
Mr. R. N. M. Masese	Maths/Physics	HT (Principal)
Mrs. N. W. Karuri	Biology	Deputy Principal/SHOD- Sciences
Mrs. M.K. Okemwa	History/English	HOD Humanities/Curriculum Co-ordinator

CHAPEL REPORTS FROM THE CHAPLAIN'S DESK

The school Chapel.

Nairobi School has had a long tradition of Chaplaincy. Even though the present Chapel was built in 1958, the school had a religious tradition since its inception. Between 1945 and the putting up of the chapel, the School Hall was multipurpose in that it was used for weekly assemblies but as a Chapel on Sundays.

There are several activities that go on in the Chaplaincy. These are:

- 1) Monday morning talks – based on scriptures. The whole school assembles in the Chapel for these talks where counsel on life and learning is given to students by the Chaplain and Teachers.
- 2) Tuesday Hymn practice at 7.30 a.m. in the Chapel. This is time when the whole School except, Muslims, learns new songs. The Music Teacher conducts this session.
- 3) Wednesday prayers during the mid-week assembly in School Hall at 7.30 a.m. The chaplain or someone else appointed by him/her conducts a short prayer.
- 4) Thursday Mid-week morning service at 7.30 a.m. in the Chapel. This is the Chaplain's day of preaching and praying with the whole school.
- 5) Sunday services for Protestants and Catholics. The former meets in the School Chapel and the latter in the School Hall.

A part from these activities there are others for example, the Support staff mid-week service at 7 p.m. on Wednesday in their residential area. This meeting is always in a small Hall situated in the

middle of the residential area. We also have Christian union on Thursdays at 4.30 p.m. in the Chaplaincy Centre. The Catholics meet the priest on Thursdays at 4.30 p.m. The Seventh Day have their services on Friday evening and Saturday morning in the School Chapel.

The Chaplaincy also organizes one Challenge Weekend every year around the month of May. There are also rallies organized by the Christian union. The Chaplaincy also oversees the small number of Muslims in the school. The group meets in the room allocated for them in the sanatorium building.

The Chaplaincy also organizes an annual united confirmation of students, which is done by the representatives through three sponsor churches (Presbyterian, Anglican and Methodist churches). During this confirmation these Pastors pray for the form four candidates.

In conclusion, the school Chaplaincy plays a very important role in the religious life of the school. It would be noted that life without God is absurd. The Chapel therefore gives the school a life with meaning as people meet to listen to a message based on the Word of God. May the Lord bless the Chaplaincy in Nairobi School.

Glory be to God. **Amen.**

HOUSE REPORTS

FOUR YEAR TRIUMPH IN CLEANLINESS

From 1999 to 2002, Kirinyaga house has celebrated the cleanliness trophy. It has been and it is the cleanest house in the school due to the tireless effort put in by the members of the house to live in a good environment.

The current student leaders from the house who have done a wonderful job include Mayoka, Mbogo, Nyota and Mwongo (assistant prefect).

Last year's form four students from the house performed well in the Kenya Certificate of Secondary Education (K.C.S.E.). They managed to move the house from the traditional position six to position three with a mean of 8.4.4. This is commendable and this year's candidates should work hard to outshine them. It has been said that the current form fours should not have less than ten plain "A"s. From our house we expect an A from Mayoka- the academic prefect, Mania S.M- a prefect who is best in science in the school, Mbogo- the house captain Kirinyaga house, Kimaita- best known in rugby circles, Kyalo- best dramatist and Abdikadir- a consistently hard working and responsible student. The rest of the form four's should gear for nothing less. We would like to reach the uttermost and the school in general is marching towards that goal. With God's help we shall be there.

To the school at large, develop a vision and make a decision to realize it. Be focussed and with determination you'll succeed.

MASAKE T.
House Master Kirinyaga house.

THE MAGNIFICENT KIRINYAGA HOUSE

Kirinyaga house having been in existence for over 60 years has a reputation second to none. Its location at the furthest end of the massive school compound gives it the coolest atmosphere. As a member of this house I feel proud to be associated with any activity that contributes to the well being of its members.

Success is in the hands of those who can function in a world that is no longer limited by tribal or national boundaries. In Kirinyaga we are encouraged to live as brothers and this has made it become a home away from home. "**WORK FOR THE NIGHT IS COMING**" being our house motto has psychologically enabled us to face any tasks ahead of us with a positive mind and accomplish them. With the help of a determined team of eight teachers led by our committed and very supportive house master Mr. Timmy Masake we have been able to successfully establish our own house library. This came as a result of Mr. Masake's persistent encouragement and emphasis on gaining the basic academic background of the school at the house level. Our library has become the most valuable asset of the house. Moreover we have formed study groups each consisting of students from forms 1-4 where we work with a competitive spirit in order to pass.

Through our collective efforts we have managed to maintain very high standards of discipline and cleanliness. This for sure has put us in a class of our own. In sports we have not been underdogs. Kirinyaga house has produced the most

valuable players in rugby, football and basketball.

This has enabled us to become victors in various inter-house tournaments organised within the school.

As a finalist I have had wonderful house-mates who I will always treasure for their co-operation with me as their house captain. It is plain to see that Kirinyaga prepares men out of boys and I believe this will forever remain unchanged for more generations to come. I am glad now that I can go to University with a lot of confidence because Nairobi School has given me an opportunity to improve my English, learn new subjects, develop my communication and leadership skills and above all guided me to decide on my career with professional help.

Congratulations PATCH on your hundred years of existence in educating the Nation. Bor anniversary!

Mbogo H. Issale
House Captain- Kirinyaga 4s
Adm # 1324

SERENGETI HOUSE (FORMERLY NICHOLSON HOUSE)

House Master:- Mr. O Odari
Deputy House Master:-
Mr. D. Mulavuti
Teachers attached to house
Mrs. Jugoisia, Mrs. M. Mitiya
Mrs E.A. Joana, Mrs. E.M. Gibuu
Mrs. M.N. Rapando
Head of house: E. Parseen
Deputy head of house: D.Tiarintu
Games captain: Lomotiu A.R.
House Prefect: Orata

For two years Serengeti was in exile after the roof of the house was condemned by the Ministry of Public Works. We would like to thank the houses which gave us accommodation namely Elgon, Marsabit and Athi.

Despite all these problems, Serengeti has continued to excel. We have received the inter-house academic trophy. We have also made our

presence felt in cleanliness. It is with pride that I can state that each member of Serengeti has continually played his part. We would like to single out the exemplary performance of Lonotio in sports.

During the year we lost one of the teachers attached to the house the late Mrs. Muema who had served as a house teacher and we pass our condolences to the family.

We would like to thank the parents the boys and the Principal who made it possible for the Serengeti roof to be repaired. At the moment, Serengeti is the house to be in as the evergreen house continues with its motto "Serengeti shall never die"

**Mr. Odari .D.
House Master.**

GAMES REPORTS

GAMES DEPARTMENT

The following are the coaches/ patrons who assist.

8. Athletics - Mr. Maina J.K.
9. Karate - Volunteer Coach
10. Cricket - Mr. Kiugu
11. Badminton - Mrs. Kingoni
12. Table tennis - Volunteer Coach
13. Lawn Tennis - Ms. Ndegwa

Maina J.K.

From The School Captain

Life is considered to be fully developed where the areas of the body, mind and spirit are contained and included in the planning of schools and training centres.

The Rugby Team

In **NAIROBI SCHOOL** all these are catered for with an aim of developing students morally, physically and intellectually.

The year 2002 has been a great success to **NAIROBI SCHOOL** as a society bound together with ethics that has continued to sustain us all through in our day to day activities.

We have had good times to celebrate especially in games (rugby), where the school managed to scoop the most prestigious trophies such as the "IMPALA FLOODLIGHTS CUP" which the school won last in 1996 and also the "PRESTIGIOUS PRESCOTT CUP" after a long struggle of over twenty years since it was enacted in high schools. We have also done well in other sports like Soccer, Volleyball and Racket games in which the school has been given

credit for its participation.

In terms of discipline we have not had major cases although there has been one

or two which have been quite minimal and the administration's discipline committee has been able to handle the cases appropriately.

The Prefects have tried their best to ensure that students are well behaved and the support and advice given to them by the administration has kept them going on well with their work as Prefects. The teachers have also done their best to ensure that all is well with the students. Special thanks to our **New Principal Mr. MASESE** who has all through ensured that students have the comfort they desire as they continue with their studies.

Surely there comes a time when a man must rise above the occasion and for us it has actually reached a time to show the nation that we can make it also. We are very positive and aiming to settle for nothing but the

best and we believe we shall make it in the coming K.C.S.E. results next year.

Though we have had times of joy we have also had times of sorrow here and there but God has been our guide all through.

NAIROBI SCHOOL continues to go forward in fulfilling its great commitment of educating the nation even as it is celebrating **100 years** of existence. We have not yet won the prize but we still press on to ensure that we achieve our goal, which is excelling in academics.

To our successors and those remaining behind I would like to say that there is always room for improvement and always strive to do everything **"to the UTTERMOST"**

Thanks and God bless you all.

Ochieng Josiah Owen Odhiambo.

(School Captain 2001)

Our motto **"to the uttermost"** has kept us focussed through the 100 years of Nairobi School's existence: 1902 – 2002. The games torch has been burning for the last 100 years and our aim is to continue with the same spirit.

Come after 4 p.m. on the assigned games day and boys are busy in the field. We have varied games and sports curriculum. Among the various games and sports disciplines include: rugby, soccer, volleyball, basketball, table tennis, hockey, handball, swimming, lawn tennis, badminton, chess, scrabble, cricket, baseball, softball and karate among others.

The school is well endowed with enough fields and rooms, courts and pitches as well as equipped gym.

"Winner's don't quit, quitters don't win" has always been our stand when it comes to competitions. The boys put that fighting spirit up to the final whistle and no doubt, even if we have been down, we emerge out victorious. Mention any game and Nairobi School boys are there participating.

I can't fail to mention the rugby game. Every student in Nairobi School knows how to play rugby. Every teacher in Nairobi school is a coach for he/she knows all the rules of the game. We have won trophies in schools competition as well as in major KRFU organized tournaments. Most of the players in the Kenya National Rugby Team are Patcharians.

Soccer, basketball, hockey and all the other games have done extremely well over the years attaining champions' trophies as well as runners-up. We have been National champions in Rugby, soccer, hockey and shooting.

All members of the teams work together to achieve our goal. Players are answerable to their captain and listen attentively to their coach.

Teachers work together to see to it that students exploit their talents to their very best. In fact all teachers join hands and each is a coach or patron of a certain game or sport.

The teachers themselves have their own soccer teams and a volleyball team. Congratulations to all and may you continue.

**Bravo Games Department
Long Live Nairobi School**

KIRINYAGA WHIPS NAIVASHA 37 TO 0 DURING INTER-HOUSE RUGBY COMPETITIONS:

Kirinyaga house started by trouncing Serengeti house 24 – 13, then drew with Baringo house 5 – 5. It then picked up momentum and won over Elgon 17 – 15 at the semi-finals. With a lot of vigour and determination, the Kirinyaga house team whipped Naivasha house thoroughly 37 – 0. This has born a new spirit of competition and enhanced team spirit; so now the house has not only asserted supremacy in cleanliness and discipline but also in Rugby competitions. The team was lucky to win at a time when **Mr. George Mwangi** had just donated the cup to be contested during inter-house rugby competitions. The house will take the challenge to win this cup many more times in years to come.

This new created spirit will definitely be transferred to the main area of our being in school, academics. The current Kirinyaga house form fours have the challenge to win the cock trophy. They are determined to outshine the last year's group, which pulled the house up from position six to position three with a mean score of 8.4.4.

As a house we are determined to leave no stone unturned until we reach the uttermost in all activities in the school. May God bless Kirinyaga and Nairobi School family.

**Masake
House Master Kirinyaga House.**

KIRINYAGA HOUSE RUGBY-IMPALA

It is with much pleasure that we have at last achieved our goals. We have proven that we are not only good in discipline and cleanliness but can also utilize our God given talents in outside fields more so, in Rugby, a game that

we have much passion for. We thank God because this was not an easy task. Bearing all the injuries and withstanding all the jeers from the other houses, we aimed at nothing but utter determination.

We thank the Rugby team for they have brought to the house the newly prestigious and cute Mr. George Kariuki cup. Let this maiden be one of the many victories we are yet to see not only in the Rugby pitch but also in academics. One is not complete in society more so in a prestigious school without accomplishing excellence in academics. A word of advice for the Rugby season is over, we would like to turn to our books with the same tenacity and vigour. Let us bring pride to our house and school in general. To the whole school and society this experience has taught us much. That life though with many obstacles has to be pursued to the very end.

Long Live Kirinyaga House

By Kirinyanga house Rugby Captain: Kimaita J. Ndung'u And DHOS (in charge of academics): Mayoka Godfrey

LOWOKO MAKES HISTORY IN RUGBY

Robert Lowoko

The game is known for the toughness and excitement it elicits. For one to be good in it, one has to be very strong and fast. Eighteen

year old "Tolly" Robert Lowoko is making history in the National Rugby World.

He is the most dependable winger at Nairobi school, popularly known as "Patch Machine" which has swept the boards this year, clinching almost all the trophies that came their way.

Lowoko comes from a very humble background but has managed to live his dreams. He was chosen for the commonwealth Rugby games.

He lights the path of those who are still struggling with what they want to become, when, and how they will become.

Lowoko you are a star. Keep it up. We are proud of you. You have a very bright future. Remain focused and determined.

Yours Fans.

SCHOOL FARM

Mrs Njeru

This is located on the upper side of the school. As a department the school farm carries out intensive farming with

the following enterprises:- dairy cows, chicken rearing pig rearing and crop growing (Maize beans, potatoes and vegetables).

It is in this part of the school that jembes and watering cans are regarded as very important tools.

Our main mission is to produce and provide enough food stuffs to our students as well as generate as much income as possible to the school.

We have irrigation water, which enables us to grow vegetables throughout the year.

I wish to thank the principal and the entire administration for the support they have given to this department. Its operations can't be possible without their support.

**Mrs. D.M. Njeru
Farm Manager.**

"IMPALA" ARTICLES

EIGHT REQUIREMENTS FOR CONTENTED LIVING

Health enough to make work a
pleasure.

Strength enough to battle with
Difficulties and overcome them.

Grace to confess your sins
And put them behind you.

Patience enough to toil until
Some good is accomplished

Faith enough to make real
The things of God

Hope enough to remove all
anxious
Fear about the future.

Charity enough to see some good
in everyone.

HAPPY BIRTHDAY NAIROBI SCHOOL

A child was born, on her mothers
laps she lay, weak, tiny and innocent,
she seemed, hope for the future
glimmered in her eyes, she grew amid
beautiful vineyard, with applauses
and songs from the birds, A glowing
ember lighted her path and the
benevolent sun, she knew she would
be the best under the sure sky, and
indeed, she was:-

Villagers admired and loved her and
came to see her, as she was blowing
her century candle, To give her a plot
on the back and cerebrate the rebirth
of this beautiful girl- Nairobi School.

Kirinyaga House.

HONGERA PATCHI

Na Patchi hongera, kwa kutihimu
miaka,
Pwani hata bara, wajue u mamlako
Pili hat mara, jitoze na fanaka
Si hesabu na hasara, miaka mia
waidoka.

Hofu sitie mara, jitoe wahala
Sijitie n' mnara jitoze na baraka,
Sijitome na faghara, toa yako sadaka,
Si hesabu na hasara, miaka mia
waidoka.

Nyotah Cee Timothy 4M
Kirinyaga House.

PATCH SONG

Bravo Patch ! Bravo Patch!
On the stars perch, a new seed
hatch. For the world to know of the
victorious catch
Go placidly amid your ideas
Be a cynosive to hearts and souls

And in compositive move minds and
attitudes

The counsel of the years will heal,
And your discipline it will seal
And then your potential it will reveal
In the face of all aridity and
disenchantment.

Let your success be perennial as the
grass.

Nyotah Cee Timothy 4M
Kirinyaga House.

FAILURE IN TURMOIL

Patch — forever will be good,
But now, better than ever,
We were once in our hood
Now strong to endeavour
Consecrated in the mood
To meander in success forever

'To the uttermost' - our motto,
On the clouds we opt to halt not,
Our goal- to the excellence pot,
To strive for the highest degree of
excellence we ought,
For failure again, never to ballot.

Bid bye to failure,
And for this task to endure
And our minds clean and pure,
And this, for this the double cure,
And to failure again, never to be
lured.

Nyotah Cee Timothy 4M
Kirinyaga House

QUOTES

1. Thirst for success, can never be quenched, A craving for success, makes you the best.
2. Set a pace for this race, Make a change for the better, And let the remedy, be a fruit, To be preserved and admired by all.
3. Seeking fame, brings you shame, When victory is not in your frame, You get yourself to blame For you can't win the game, And your excuse is still the same.
4. Blue is the colour of clarity Yellow, a colour of intelligence The Impala- a sign of diligence Nairobi School – a centre of excellence.

**Nyotah Cee Timothy 4 M
Kirinyaga House.**

ALL-ROUND PATCH

Patch, Patch is Patch
Patch the school of victors
The centre of Academic, moral
and spiritual excellence

Like the life of a king
Is the way society admires Patch's
knowledge?
Like fire spreading on dry grass
Is the way Patch has spread its
knowledge?
Like the sand in the sea
It is the number benefiting from Patch
Patch teaching has no comparison

Like myrr sent from above
So are Patch's teachers
Like the value of God
So is their teaching
Like the unity of ants
So is the patcherian fraternity.

Patch, an all-round school
Academics are in our grip,
Sports and Parch are one and the
same thing Religion, the backbone of
excellence Patch has no comparison.

Doctors, Engineers, Architects,
ministers are just some of Patch's
products, Patch the school of victor.
Like fighting for the ball in the slum,
Partcherians let us fight for the lion's
share In religion, discipline and
Academics.

**Nyang'ate Wycliff
Baringo 2A House**

THE WALK THAT WAS

Nairobi School,
100 years is not a joke.
A mind full of wisdom,
A body where joints ache,
Hey, multivitamins and multiminerals
Are needed to
Revitalise this body.

Age is but a number,
Students walked with the
Joy of youth,
Middle aged teachers and support
staff, Walked gracefully,
The older members struggled but
finished.
Age is but a number,
The older, the wiser?
Nairobi School, Keep your spirit
alive.

Parents and well wishers,
Joined the moving "blue sea" in the,
Streets of Nairobi,
Money powered in,
Nairobi School needs rehabilitation.

Long live 'Patch' Long live Nairobi
School.
Keep the spirit burning.
The glory must continue to shine.
Happy Birthday, dear "PATCH."

**Mrs Gitau, A.W
Head of English Department.**

PATCH

Once but a nebulous idea,
Natured through faith
And delivered from a sober mind;
From the dark, uncertain womb of

time Does the seed begin to sprout
And, Behold ...
The first foliage,
A wooden derelic structure,
Still stubbornly clinging
To its unenviable position,
Beside the majestic, ultra-modern
Dining facility;

Patch,

A boston of intellectual development,
A carpenter, a forger, an anvil,
A sculptor, chiselling away the
ignorance, Of a young receptive
mind, Eraser of illiteracy murk,
A jeweller, away does he melt the
dross, Bringing to the surface,
The inherent brilliance
And the product
Sparkling and crystal clear.

Once the foliage,
Now a firm tree,
With roots deep,
And branches strong
A hundred years old
Does it stand,
With beautiful work,
The scene eye-catching.

Conveying does it,
The young to higher institutes
Of intellectual advancement,
Oh, what impact,
It has created!
Behold,
Patch was ...
Nairobi European School,
Prince of Wales School,
And now Nairobi School,
Still a landmark, a beacon,
A projector of success,
Illuminating "To the uttermost"

Patch! Patch;
In mind and mind and soul,
Together always shall be,
Alas! What a school!
Patch!

The Prince of Wales School, Nairobi, Kenya

Motto: "To The Uttermost"

These are a series of photos that I took on a visit to Nairobi in 1982. The school was basically unchanged, although it was now known as the Nairobi School. This view is from the Quad, looking at the main clock tower. If some of these photographs are familiar to you, it may be because the school quad was used as the setting for Government House in the film "Out of Africa". There is a Garden Party scene set there.

The Prince of Wales was founded in the '30s for the sons of the white settlers and Administrators. The school magazine for 1963 includes the address from Canon Capon, the school chaplain, at the Duke of York School's Founder's Day (the DoY was the brother school to the PoW).

'European education had begun in the country originally, I believe, for the children of railway officials. It expanded, and what had begun as one school in successive stages divided into primary and secondary section About 1929 Sir Edward Grigg, then Governor and later to become the first Lord Altrincham, had the vision to see that Kenya would soon need a school to be run along the lines of the English Public Schools. A good many people thought he was crazy - not long after that I first came to this country and remember well the fears felt by my friends. They really believed that if their children were kept out here during their 'teens they would grow up to be either mentally deficient or physically deformed or both. But despite those fears the Prince of Wales School was founded and begun on its present wonderful site in 1931 - all honour to Sir Edward Grigg for his persistence and vision.!

Me, in 1983, in the Quad

In the main building shown above, there were 2 boarding houses, Clive and Scott. Later, more were built: Hawke and Grigg; Rhodes and Nicholson (the first Headmaster). There were also Junior and Intermediate Houses in which boys started off, and moved up their Senior House as space became available.

Nicholas Hill. 1983

A letter from Oxford

OXFORD
27th October, 1949

THE EDITOR,
The Impala

DEAR SIR,

Unlike Cambridge, Oxford regards rowing more as a sport than as a profession, which means that news of the Summer Term is always confined to celebrations, either of other peoples successes on the river, or of the end of Final Schools, or of friends going down, or of celebrating just because it *is* the Summer Term. Since the summer here was the best that's happened for decades, last term was a joyous one in Oxford, but party anecdotes are hardly appropriate in an Oxford Newsletter, besides which they're mostly unprintable. A number of people did row (myself included, in the rigger boat, with startling results), but on the whole it was a lazy, epicurean term.

This term is utterly different. One is far more active for a variety of reasons: firstly, one has to keep warm somehow, (winter came yesterday and I never knew sunshine could be so cold); secondly, one is oppressed with a sense of guilt for having been idle during the four months' vacation; and thirdly, one realises with a shock that this is another year, and time is stealing a march on one again. So all is bustle, toil and trouble, from which none of us can escape, least of all the small settlement of Old Cambrians.

Renn Davis was the first I met this term, just back from Pau in the South of France, where he learnt French and laid up a store of sunshine for the winter months. He hasn't had the nerve to resign from the rowing fraternity yet, and they don't want to lose him from Wadham second boat, as he wields a lusty oar. This leaves him little time for anything but law, and music - he is College secretary of the Holywell Music Club. He has a piano of his own, which he periodically moves about, a performance which is as alarming as it is destructive.

The next O.C. I came across was Jack Sands, who is subdued by the thought of Schools shortly taking place. He still plays hockey and squash, and is a well-established member of the University Air Squadron; in fact he spent two weeks of the long vacation in the "bundu" of Salisbury Plain with the Air Squadron. But he wouldn't talk about it. On returning to Wadham I saw somebody wandering about who looked familiar, and it turned out to be M.H. Shaw, who has just arrived at B.N.C. He's reading Philosophy, Politics and Economics as anobtrusively as he can, and has heard nothing more - he says he played abominably which is very likely, as it was raining hard and the pitch was grass, both conditions foreign to Kenya. He thinks he will concentrate on running in which he is likely to do well.

Simon Wollen was the next to greet me, resplendent in University blazer, tie and scarf; this probably on the strength of being Secretary of University Rugby Club. He spent his vacation on the South Coast, yachting, and saw a good deal of racing. He is still reading Law, when he remembers to, and is also a member of the Judo Club, as demonstrated a particularly vicious kick rather too heartily on him. Harris has just come up to New College where he is reading Law. He has played a little Rugby but is more keen on hockey - in fact, he got a trial on the strength of recommendations from the West of England Wanderers, for whom he played badly, but he has high hopes of future success. Being an exceptionally good-keeper, he is likely to do well.

Another hockey player, John Vail, of St. Edmund's Hall gained his College colours last term, and also plays tennis and swims for his College. He doesn't mention work (who does?), but presumably he is still reading for a B.Sc., I think in *Oeconomae Ruscticae* - that means Agriculture or something. He was with Jack Sands and the Air Squadron during the vacation and does a lot of week-end flying; he also went to Italy but I haven't heard what he did there. Incidentally, he's grown so fond of punting that he suggests the Athi River as a substitute when he returns to Kenya. Byron Georgiadis is still with us, doing a B.C.L. He got a third in Law last June, but it was so nearly a second that he's been allowed to stay on; he is an ardent member of the Opera Club, and of a number of Law Societies. He's already thinking of returning to Kenya to practise. Other O.C.'s I've seen around are John Proctor, a potential forester, and like all other forester, and like all other foresters seldom seen except in uncivilised places; and it's amazing how uncivilised a good part of Oxford and the surrounding countryside is - notably Cowley and St. Ebbe's! John Dodds, too, is at Balliol, reading Law, but I haven't seen enough of him to know what he's up to.

For myself, I spent the long vacation as a farm labourer, and as an oast-hand on a Guinness hop-farm in Sussex. I'm a member of several Clubs, notably the O.U.D.S., the Experimental Theatre Club, the Heretics Club, the Conservative Association and the Union. I'm not acting this term, but hope to in the O.U.D.S. production next term, rumoured to be "Othello". Apart from these social goings-on, I play Rugby for Wadham, and swim for Wadham on occasions, and play Squash. I have a lot of work, but somehow manage to be Treasurer of the Wadham Poetry Society, and a reporter on the "Isis", the University weekly magazine.

And that is all for the moment, except that we hope to see plenty more Old Cambrians at Oxford.

YOURS SINCERELY,
DAVID M. WOODFORD.

Very happy is the expression on their faces after the Nairobi School Basketball team won a match against Alliance High School. With them is Mr. Awour their coach and Mr. Maina the teacher.

Nairobi School Swimming team with their coach Mr. Wakori.

Mr. S Mwaura. The telephone manager. He is one of the longest serving workers since 1920's.

Patch Machine Group.

P.T.A. 2002 Good Parents Monitor, encourage and give maximum support to the school and their children

1

P.T.A and BOG Members during a school function

2

Mr. Wasike, Chairman of B.O.G.

3

1,2&3. Thank You Parents for being there for us

Staff of Nairobi School 2003

Teachers 2002

Mrs. E. Mulera Principal's Secretary. A very able and effective secretary. Ever smiling!

Teachers 2002

The school bursar Mr. Kithaka. Money is not his problem, but how to spend it.

School Walk to raise funds.

Head of school 2002.

Mr. Shabir

FAREWELL MRS. ANNE NTHENYA MUENA

*The late
Mrs. Anne Nthenya Muema*

Someone we love has died.
She won't ever laugh
She won't ever joke
Of 'Nthoo' again

Never hug and cuddle
Her beloved ones
She won't ever teach
Her students again.

There's an empty place
At the family dining table
A void, in the school fees section,
An empty slot, in the school timetable
A vacuum in the geography department
Shoes too big to fit
In the family circle
An abyss, in our hearts
Death is a horizon
A limit in our sight
A great robber, a merciless reaper, reaping where
It has not sown.

It is tough: Lord
But then Lord you know
Somebody you loved died too.
So sleep, sleep oh dear Anne
Dear friend, adoring sister, responsible daughter
Loving Mother dedicated wife
Great woman, exemplary teacher.
Mighty source of inspiration
To your uttermost, you lived and worked
And your legacy lives on
Till we meet at Jesus' feet
In the sweet bye and bye, on the beautiful shore.
Au revour, Kwaheri. Buriani, Farewell
A.N. MUEMA.

By Mrs. R.A. Okelo

Dearly missed by the Guidance & Counseling
Department and indeed by the whole of Nairobi
School fraternity! Dear loved one, rest in God's
eternal peace.

The School's Farm Project.
